## ACCUSES ATTORNEY GENERAL OF USING POWER OF INDICTMENT FOR POLITICAL PURPOSES

R. C. Marshall, Jr., Chief of Construction Division of Army During War, Accuses Daugherty of Besmirching Reputations Without Evidence to "Even Decently" Support Charges

PITTSBURGH, April 22.—Attorney General Daugherty was accused of using the power of indictment in the war camps contract cases for political purposes and of besmirching reputations without evidence to "even decently" support his charges, in a speech here today by R. C. Marshall, Jr., chief of the construction division of the army during the war.

Addressing a business men's luncheon, Mr. Marshall, who formerly held the rank of brigadier general, said the department of justice "after five years and following investigations costing the government hundreds of thousands of dollars" had the "unmitigated effrontery" to plead unpreparedness in several of the cases at the same time accusing contractors of inefficiency for having built whole cities in 90 days.

"The spectacle of these men (the war camp contractors) pilloried in the public press, posted as evil self-seekers in the time of the nation's travail," Mr. Marshall said, "is the result of our unbridled political power. There are men and processes actively at work in this great department today

## BODY RIDDLED WITH BULLETS

"Blackie" Stello, White Slave, Dope Peddler and Burglar, Slain in New York

Police Believe Victim Was Double-Crossed By Members of His Gang

NEW YORK, April 22.—The bullet-riddled body of 19-year-old Carmine ("Blackie") Stello, known to the underworld as a white slave, dope peddler and burglar, was discovered in the back of a shop in Chinatown today, amid evidence which, police say, tells a grim tale of gang revenge.

He had been dead for hours. In his head and chest were seven bullet wounds. His right hand clutched a small flash light; his left an empty .25 calibre pistol shell. Nearby lay a .25 automatic with six exploded shells.

Police believe "Blackie" was double-crossed by members of his gang. As they reconstruct the story of his death, he was lured to the squalid alleyway between Mott and Elizabeth streets, in the belief he was to be in on a job. He was given the flashlight and a white coat with it in his right hand, his companions backed away and showered him with bullets.

## VETS' BUREAU HEAD AND MANAGERS CONFER

WASHINGTON, April 22.—Director Hines of the Veterans' bureau was meeting with the 14 district managers of the bureau throughout the country today in a three day conference to discuss all activities pertaining to disabled veterans aid.

When the conference was called several weeks ago, Director Hines instructed the district managers to inform themselves on long list of questions covering every phase of their work. The series of conferences, Director Hines believes, will enable him to get at the heart of the difficulties in the business operations which have brought criticism from the various veterans' organizations and resulted in the elimination of aid and much of the red tape which the director regards as responsible for the criticism.

## TRIAL OF FRED LUNDIN

Dictator of Thompson Republican Faction and 21 Co-defendants Called

Charged With Defrauding Chicago Board of Education of \$1,000,000

CHICAGO, April 22.—Fred Lundin, reputed dictator of the William Hale Thompson Republican faction, and 21 co-defendants, were called for trial here today, charged with defrauding the Chicago Board of Education of \$1,000,000 in school funds.

A panel of 100 gentlemen formed the first group of citizens from which the state and federal grand juries to hear the case, but observers predicted because of the notoriety that has kept Lundin before the public more or less for several years, it probably will take eight weeks of questioning some 1500 citizens before the jury box will be filled.

## CHANGES MADE IN THE POLICE DEPARTMENT

Following the transfer of six police officers from patrol work to the motorcycle squad, a few changes are to be made in the department. Effective today, the following officers will cover districts left vacant by the transfers: James Noonan goes to the day route in the Highlands formerly covered by Frank Marshall; Officer Noonan's former beat in the Liberty square area is taken by Officer William Murphy; Officer Charles Clancy takes the early night shift at Market and Dutton streets, left vacant by Officer Murphy's transfer; Officer Owen Conway goes to Kearney square on the early night shift in place of Officer Walter Kiehn, now assigned to the motorcycle squad; Officer John Beardon takes the place of Officer Frank Murphy, of the motorcycle squad, on the late night shift in upper Gotham street; Officer T. Hordan is assigned to late night duty in West Centralville; Officer Charles Hamilton, motorcycle officer, is succeeded in Centralville on the day shift by Officer G. Sheridan.

The liquor squad remains intact.

## Federal Court Restrains the Interstate Commerce Commission From Carrying Out Orders

### POSITIVE OFFER TO THE ALLIES

Correspondent of Central News Reports Germany Preparing to Make Proposal

Said to Be Anxious to Discuss Questions of Reparations and Guarantees

LONDON, April 22.—(By the Associated Press) The Berlin correspondent of the Central News says he learns on good authority, that the German government is preparing a positive offer to the allies. The government, he adds, will declare its readiness to negotiate and discuss the questions of reparations and guarantees.

## CHAMBER OF COMMERCE

New Members Reported by "In and Out Club" at Noon Meeting

The third meeting of the "In and Out Club" of the chamber of commerce was held at noon today, with Mr. Edward Fisher acting chairman in place of Mr. Charles H. Warren, who was detained by illness.

Guests were sent to Mr. Warren at the hospital in Boston where he is confined.

The following new members for the chamber of commerce were reported today: Milton Dye, Works Engineering Building company, E. H. Hill company, Eugene W. Hunt, Lyon Carpet company, Frank P. McNeil, Roger W. Gage, Prince-Walters company, Western Union Telegraph company, and the Yellow Cab company.

## GLENMORIS DEFEAT FLOYDS

The Glenmores won their first game of the season by defeating the Floyds yesterday, by the score of 19 to 10. Clancy starred for the winners, and McAtear for the losers.

### MEET TO DRAFT PEACE TREATY

Oil Fields, Especially Those Covered by Chester Concession in Foreground

Allied and Turkish Delegations Meet at Lausanne Today

To Make Another Effort to Draft Peace Treaty Acceptable to Both Sides

LAUSANNE, April 22.—(By the Associated Press) The question of the Near Eastern oil fields, especially those covered by the Chester concession, is in the foreground today, as the allied and Turkish delegations meet in another effort to draft a peace treaty acceptable to both sides.

Whether the general subject of concessions comes before the conference formally seems to depend on the success of direct negotiations between British and French concession holders and the Turkish government, which were advised by the allies when they agreed to detach economic questions from the treaty. France, it is believed, will probably insist on the rights accorded her in 1914 by the former Turkish government, and the British delegation has let it be known that it will support the French claim in the event the issue is brought before the conference.

Both Great Britain and France received the news of the Chester grant with a bit of uneasiness—France because she thinks the 1914 agreement gives her priority in territory covered by the concession and Great Britain because she is uncertain as to whether the region thus opened to American exploitation affects the mandated Iraq territory in which the valuable Mosul fields.

Delegates here understand that the United States through her representative, Joseph C. Grew, will continue to support the open door policy that she advocated at the previous Lausanne conference. It is also believed that Minister Grew will defend, if necessary, the Chester concession in the event the American government decides it is not a violation of its adherence to a policy of equal rights for all nations.

As a legacy from the previous conversations the delegates have on their hands such troublesome questions as the legal rights of foreigners in Turkey, and the Ottoman debt. The allies hold that foreigners in Turkey should not be entirely under the jurisdiction of the Turkish courts with the Ankara spokesmen insist that special judicial privileges cast an unfavorable reflection on Turkey's sovereignty.

Great Britain did not accept the last minute concessions made to the Turkish delegation last February on this question whereby foreign leaseholders to be named by the allies would be informed of all arrests of foreigners, and it seems likely that the question will be reopened.

### PERMANENT INJUNCTION

Order Provided for Sale of Mileage Tickets at 20 P. C. Price Reduction

Restraining Order Issued After Hearing on Petition of 50 Eastern Railroads

BOSTON, April 22.—A permanent injunction restraining the interstate commerce commission from carrying out its recent order providing for the sale of non-transferable and interchangeable mileage tickets at a 20 per cent price reduction, was issued today by Judge Mark, Brewster and Morris in the federal district court.

The injunction order was issued after a hearing on a petition of 50 eastern railroads opposed to the interstate commerce commission ruling.

## CHILD KILLED BY AUTO

Brighton Shoe Manufacturer Arraigned Here on Charge of Manslaughter

Six-year-old Florence Anita Ayotte died on the way to the Corporation hospital yesterday afternoon, as the result of being struck and run over by an automobile owned and driven by Lewis C. Cook of Brighton, a shoe manufacturer. The fatal accident occurred in front of the L. B. Brunell drug store at 725 Moody street, about 4.10 in the afternoon.

People in the immediate vicinity who witnessed the fatality, said that the Ayotte girl was accompanied by two other youngsters. Her companions started across the street, but she continued to follow them.

## MORE PRAISE FOR THE AUDITORIUM

Major Francis J. Tooley, executive officer of the Organized Reserves, has received a letter from Lt. Col. George A. Wiegand, commanding officer of the 1st Massachusetts Cavalry, who was here at the mass meeting last Wednesday evening, in which he praises Major Tooley for his work for the reserve and also praises the city for the Auditorium. Part of his letter follows: "I was certainly glad to make that trip to Lowell. You have a lot of fine men up there. I understand they had four or five dinners on that same night in various places. It was worth the trip just to look at that Auditorium. I think it is the finest building of its kind that we have in the United States."

In regard to the Auditorium, Major Tooley states that Brigadier General Mark L. Hersey, the special guest of the evening, highly praised the building just as highly as Col. Wiegand did in writing, and that the visiting officers from cities and towns in the Middlesex and Essex counties said it was the best that they had ever seen.

## MRS. WINDSOR CHARGES MRS. WHITTIER WITH ALIENATION OF LATE HUSBAND'S AFFECTIONS

Witness in Heart Balm Case Says Mrs. Whittier Told Him That Windsor Had Been Just Like a Husband to Her in Every Respect and That He Had Intended to Get a Divorce From His Wife, Then in England—Much Interest in Case Now on Trial

At a conference proceeding the time scheduled for the beginning of the afternoon in the allocation suit, Mrs. Windsor, plaintiff, Mrs. Whittier, defendant, counsel for the defendant made an offer for settlement in the sum of \$7000 and the offer was accepted.

Testimony to the effect that Mrs. Christina Whittier, against whom Mrs. Ann Windsor has brought an action of tort, alleging alienation of her late husband's affections, had told him that John Windsor "had been just like a husband to her in every respect" and that before he died he had intended to get a divorce from his wife in England, was given in superior court this morning at the resumption of the trial by John T. Lowe, a fellow worker of Windsor's at the Waterhead mills.

Further testimony relative to divorce suggestions was given by Ernest Gillbrand and Mrs. Frances Gillbrand, friends of Windsor.

According to testimony given by Joseph Pearson, an overseer at the Waterhead mills, John Windsor once had told him that the happiest moments of his life had been spent in the company of Mrs. Whittier.

"He also told me once," said Mr. Pearson, "that he contemplated settling down, getting a divorce and marrying over again."

Testimony given by Arthur J. Murkel, treasurer of the Central Savings bank, showed that Christina M. Whittier and John Windsor carried a joint savings account in that bank beginning in 1917 and that many withdrawals against it were made by Mrs. Whittier until it was closed out in May, 1922.

The law firm of Farley & Tierney represent the plaintiff with Hyatt G. Hill and Raymond J. Lavelle for the defendant.

Mrs. Margaret Reynolds of Manchester, N. H., sister of Mrs. Christina M. Whittier, defendant in case, was stricken with an epileptic fit during the morning session and was immediately placed in care of a physician.

## HIGH SCHOOL REGIMENT WAS SERIOUSLY INJURED

Exhibition Drill at Noon Today—Guests Welcomed by Principal Harris

An exhibition drill was given by the high school regiment at 12.15 today, with Frank C. Bolles, commandant of the H.M.R., at Camp Devens, this summer and also commanding officer of the 9th division, organized reserves, Major F. J. Tooley, executive officer of the organized reserves in Lowell, Col. Alexander Greig, Jr., U.S.A., Joseph A. Molloy, commander of the Lowell post of the American Legion, Charles H. Barnes, principal of the Lowell textile school, and Superintendent of Schools, Hugh J. Molloy as honored guests.

The guests were escorted to the drill shed by the officers of the regiment and after a selection by the band, James F. Conway, faculty director of drill, in took up the speaking of the day.

At 1.15 Henry B. Harris, headmaster, was called to first and he made an address of welcome to the guests.

Major Tooley was the next speaker and he thanked the boys of the regiment for turning out for the parade of reserves last Wednesday evening. He also spoke in favor of the Citizens' Military Training camp, to be held at Camp Devens during August and in favor of the organized reserves as the best means for keeping the country out of war.

Following Major Tooley, Col. Greig told several stories concerning his days in high school and also the days when he was military instructor at the school. In conclusion he urged all the boys who possibly could to take advantage of the opportunity offered and attend the camp at Devens in August as it would benefit them in many ways. Capt. Joseph Molloy was then called on and he spoke mainly in favor of the organized reserves and the citizens' training camp, urging the boys to attend if they could as he believed that this country would be involved in another war in the near future and that she would need every man she could get.

Col. Bowles was the last speaker and he told of the growth of the citizens' military training idea from the camp at Plattsburg prior to our entry into the World war, when the men paid their own expenses and went on their own time, to the camp as they are established now with the government paying all expenses. He also urged the boys to take advantage of

## LOWELL MAN UNCONSCIOUS IN LAWRENCE HOSPITAL AS RESULT OF AUTO ACCIDENT

—WAS SERIOUSLY INJURED—  
Michael Hyland, of 25 Ash street, Lowell, is unconscious and in a critical condition at the Lawrence general hospital, as the result of an automobile accident yesterday afternoon, on the Lowell Anderson road, near Haggerty pond. According to state police patrolling that section of the boulevard, the machine, a large Cadillac touring car, swerved from the roadway on a curve, crashed into a telegraph pole and turned turtle.

In the car with Hyland were his wife, who was badly shaken up, and John Graham of 125 Hill street, and Patrick Connelley of a Everett street, both of this city. All four were thrown from the machine when it rolled over into the ditch and were picked up by passing motorists. It was seen that Hyland was seriously injured and he was hurried to the Lawrence hospital.

Chief Saunders of the Lowell fire department has received notification from the observer at the state tower in Chelmsford, to issue no further permits for the starting of fires in or near the forests. The chief in turn has informed the police of the ruling from the state tower. Violators of the order will be arrested. It is thought, however, that the fact of rain last night and today the ruling will be lifted.

At the close of Col. Bowles' speech, the regiment was turned in line and a dress parade and salute to the colors ended the affair.

For those who do not drill and for the girls of the school, Principal Harris had arranged a lecture by Burlington, Mass., Mr. Schurr's subject was "Nature is Calling You," and in his talk he told of the benefits of nature and that man was all right until he wandered away from nature. He ridiculed Darwin's theory of man's descent, Deane's theory and Sir Conan Doyle's recent beliefs in spiritism. Mr. Schurr brought with him several of his pets, including several species of snakes, which he showed to the students. He is an interesting talker and was well received by the students.

Mass., and one sister, Mrs. Clara Rol-  
lins of Billerica.

## FUNERALS

**GEMOND**—The funeral of Mrs. Adolard (Perrin) Gemond took place this morning, from her home, 487 Mission street, and was largely attended. Solenn high mass of requiem was celebrated at Notre Dame du Lourdes church, at 9 o'clock by Rev. Guillaume Ouellette, assisted by Rev. Joseph Denis, O.M.I., as deacon and Rev. Lucien Brassard, O.M.I., as sub-deacon. The choir under the direction of Rev. Eugene Levesque, directed the Gregorian chant. At the offertory Mrs. Antoinette Charbon sang "The Lord," and at the elevation of the host, her husband, Rev. Joseph Merloux, Passionist, sang "The Mass of the Mass the choir sang "De profundis" and as the body was being borne from the church, Joseph Lacombe sang "The Lord's Prayer."

## Funeral Notices

[illegible]

**H. H. BEEBEE.**—The funeral of Miss Nellie L. Buttmore took place this morning at 8.30 o'clock from the home, 58 Agawam street and proceeded to the Sacred Heart church where, at 9 o'clock, the services were conducted and presided over by the Rev. Bernard L. Fletcher, O.M.I. The choir rendered the Gregorian mass. Solos were rendered during the mass by Miss Cecylia Kavanagh, soprano, and Miss Margaret O'Connell, alto. The Rev. Mr. John J. Kelly presided at the organ. There was a profusion of beautiful and appropriate floral offerings and numerous spiritual bouquets from friends and relatives. The offertory was borne by the following: Messrs. Caleb Brimicom, John Mahan, Thomas Farrell, Frank Carey, Thomas Cuffanagh and William Tolson. The burial took place at 11 o'clock in the Mount Pleasant cemetery, a beautiful prayer being

Lavinia—The funeral of the late John Lavin, beloved husband of Catherine (Polley) Lavin, took place this morning at 9 o'clock from his home at 607 West 18th street. The service was and largely attended by sorrowing relatives and friends including a number from Boston and New York city. The interment was made in St. Patrick's church where at 5.30 o'clock a funeral mass was sung by Rev. Francis J. Shea. The choir under the direction of Mr. Charles E. O'Donnell sang the Gregorian mass; the solos being sustained by Miss Mary Rygan and Mrs. Donnelly. Miss Gertrude Duggan presiding at the organ. Beautiful flowers were placed about the casket and altar consisting of beautiful floral tributes and of spiritual hangings. The bearers were Robert J. Leith, John O'Haire, Dennis J. O'Connell, James P. O'Donnell, John Green and Thomas Judge. At the grave Rev. Fr. Shea read the committal prayers and the burial was in St. Patrick's cemetery.

Congressmen—James P. O'Donnell and Song

BUCHAN.—The funeral of Mrs. Mary

A. Buchan took place from her home, 21 Lane street, Saturday afternoon. The services were conducted by Rev. Percy E. Thomas, pastor of the First Congregational church. Appropriate selections were sung by Miss Hazel F. Tenthill. The floral offerings were numerous. The following delegation was present representing Loyal Victoria lodge 1, M.E., I.O.O. Ladies: Mrs. Mabel Panton, Mrs. Mary E. Siddall, Mrs.

Lucy Fernley, Mrs. Helen Holden and Mrs. Sarah E. Hudson. Burial was in the family lot in the Edison cemetery. The bearers were John Holmes, Matthew T. Powers, Hayden D. Russell, George H. Carr, Harry Thompson and William Thompson. The funeral arrangements were in charge of Undertaker George W. Healey.

**O'CONNOR**—The funeral of Ann O'Connor took place yesterday afternoon at 1.30 o'clock from her home, 91 Union street, and was largely attended. At St. Peter's church at 2 o'clock services were conducted by Rev. Francis J. Shea. There were many floral offerings. The bearers were John Lafinus, Timothy Mullane, William O'Connell, Mark Gallagher, Patrick Durkin and Michael Guffee. Burial took place

**DEAN.** The funeral of Joseph Deane took place yesterday afternoon at 2.30 o'clock from Saunders' funeral home, 217 Appleton street and was largely attended. The services were conducted by Rev. A. B. Clarke, pastor of the

**FUNERAL NOTICES**

**CONNORS**—Died, April 22, at her home in Church street, North Chelmsford. Mrs. Sallie (Leahy) Connors, nee Love, wife of John J. Connors. The funeral will take place Wednesday morning at 8 o'clock from the house, 100 North Chelmsford street, at 8 o'clock. Burial will be in the Mount Pleasant cemetery.

**MARGARET**—Died in this city, April 22, at her late home, 427 Stevens street, Mrs. Cora (Barrows) McGarrrell. Funeral Tuesday morning from her late home at 3 o'clock. At St. Margaret's church at 10 o'clock. Solemn high funeral mass will be celebrated. Burial in St. Patrick's cemetery in charge of Undertakers O'Connell & Fay.

## MARION MARTIN'S ESSAY IN RECENT CONTEST

Below is Miss Marion Martin's answer to the question of the chamber of commerce essay contest, "How Can We Make Our Streets Safe For School Children?" Miss Martin is a student of the Immaculate Conception school and won the gold evergreen pencil given by the chamber for the best essay in the school. Miss Martin's essay:

The Lowell chamber of commerce through its agitation for essays on the Streets Safe for School Children, will render a great service not only for the welfare of the children, but also for the public at large. For when one stops to reason it is not children who make our streets unsafe? I think the little should read, "How Can We Make Our Streets Safe?" This can be done by bringing to their attention the causes and remedies for the most tragic accidents and deaths which occur from lack of obedience. If children were only punished for breaking the law of discipline on the streets as they are for breaking similar rules in classrooms and corridors fear of

punishment would make them more careful.

Older pupils should be appointed to act as traffic officers to guide younger and disabled children across the streets, insisting that they keep the sidewalks until they reach their homes.

Children who insist on jay walking should be punished by law. If they would always use street crossings and remember to look to the left instead of the right on streets where traffic is progressing in both directions many accidents would be averted. Jumping on ice cars, stealing rides on electric cars, catching on behind, and playing all children's games in the streets should be made a criminal offense.

I would suggest that all street crossings be marked with durable white paint from sidewalk to sidewalk. When these crossings are located near schools there should be a flag of warning hanging overhead in the middle of the street at least one hundred feet (150') from the crossing. Drivers of all vehicles will see it in time to slow down and watch out for school children. This would be an improvement over the signs that are now on posts on the side of the streets, which I think many drivers never see.

Parents should co-operate with the teachers and imprint on the minds of their children the dangers ensuing from their failure to make use of the Safety First lessons taught them in their classrooms.

If every child would adopt as their slogan these three small words, Stop! Look! and Listen! then our streets would be more safe for school children.

## ELECTION OF OFFICERS BY THE C. Y. M. L.

At the annual election of officers of the C. Y. M. L. yesterday, Harold P. Sullivan was re-elected president for the ensuing year. The polls were open from 2 to 10 p. m. the Australian ballot system being used. Other officers chosen were as follows: Vice president, James O'Brien; treasurer, John Murphy; secretary, John O'Connor; adjutant, Raymond O'Brien; John McGinniss was chairman of the voting committee.

## EXCELLENT CONCERT BY SANCTUARY CHOIR

In Association Hall last night, the annual concert of St. Patrick's sanctuary choir, under the direction of Bro. Clarence of the Naveau order, was given before a large audience of parishioners and music lovers from practically every section of the city. The program consisted of 12 numbers, which were rendered in very pleasing style by the young vocalists. A feature of the program were the solo numbers by John Scully, one of the youngest members of the choir, who was encored several times after his masterly rendition of "Mother Machree."

The complete program was as follows: Overture, Redding's Orchestra; Unfold Ye Portals; Awake! It is the Day, Barbour; For You Alone, Henry E. Geel; Feed the Hungry, Cummings; Instrumental Quartet of Popular Airs; The Beklund Sisters; Duet, Pretty Little Cinderella, Cowen; Miss Florence Hague and Miss Sadie Sheehan; Love Sends a Little Gift of Roses, John Ovenshaw; Raymond J. Kelly; In An Old Fashioned Town; Mrs. Nana G. Leahy; Mother Machree, J. J. Young; Master Leo P. Scully; It's Up to a Man, H. Squire; James H. Donnelly; Die Possente, Gounod; Andrew McCarthy; St. Patrick's Sanctuary choir; Accompanist, Francis Redding.

## ANOTHER FIRE AT HANSON'S STABLE

A slight fire broke out in Hanson's stable at 51 Cushing street at about 7 o'clock Saturday afternoon, causing considerable smoke and leading many to believe that the stable was doomed. Captain Charles H. Hanson's pet horse, "Paul," a veteran of several fires, was again in danger of burning but was taken out of his stall after being completely smoked. About 25 other horses were also taken from their stalls. The fire was confined to the rear corner of the barn where it started and did but little damage.

## CITIZENS' MILITARY TRAINING CAMP

George O. Robertson, of 82 Prescott street, is handling the local end of a campaign to recruit Lowell boys for the Citizens' Military Training camp at Camp Devens, which will open on August 1 and continue through the month.

Colonel Frank C. Rolles, chief of staff of the 94th division, Organized Reserves, will be commander of the camp, and he will be assisted by a number of officers and men who have had considerable experience in training men for army service. The age limits for this camp are 17 to 24, and the camp is open to men who have had training as well as to those who have not, being split up into four distinct courses ranging from rookies learning the fundamentals of military life, to men desirous of taking the examination for commissions.

The camp has achieved a reputation for its lack of sickness and also for its cleanliness. The men, in addition to receiving military training, receive physical training from experts in each branch. The recreational activities are under the supervision of a corps of chaplains and hostesses who are in charge of the pupils whenever they are not under command of their regular officers.

Four Lowell boys and one Billerica boy have already signed up for training at this camp. They are John J. Brennan, 31 Hampshire street; James M. Burns, 542 Rogers street; Frank F. Hobson, 153 Holywood avenue; of Lowell, and Charles A. Randall, Jr., of Concord road, Billerica.

## SERIES OF LECTURES

Free Lecture Course on Applied Psychology Beginning Tomorrow Night in Colonial Hall

Frank D. Stanton will commence his five free lectures on Applied Psychology at Colonial hall, tomorrow evening at eight o'clock. His first subject will be Applied Psychology—its fundamentals—what it means to you, home and the cure of mental disease.

## FLYING AMBULANCE

PARIS, April 23.—When an invalid became ill here and needed to be transported to her physician in England, an airplane ambulance was quickly rigged up as a flying ambulance and rushed the patient across the channel. She will recover.

## IRON MINES PREPARE FOR BUSY SUMMER

Lowell, Minn., April 23.—The Oliver Iron Mining Co., ore producing subsidiary of the United States Steel corporation, and owner and operator of 40 per cent of the ore properties in the Lake Superior district, the world's largest ore beds, will open no new mines in 1923, according to an announcement by John E. McLean, general manager.

All of its forces will be centered on developing the previously established properties to meet what is expected to be a smart demand for the iron mines last year. In 1921 the Oliver moved approximately 70 per cent of the ore from the various districts pending the shipment from this range. The Mesaba's announcement of the actual program 24 mines produced 28,455,324 tons of the total production for the Mesaba last year. In 1921 the Oliver moved approximately 49,000,000 tons hauled

Leann declared that the Oliver's entire force of approximately 11,000 men would be working full shifts this summer. He thought it probable that a thousand or more men might be added during the busiest part of the season.

Independent operators in the district report similar activity in advance of the opening of the shipping season next month.

The Mesaba range, the largest and richest in the district, is the center of the Oliver's properties. The Oliver company moved 13,554,426 tons from its 23 mines, which was 66.8 per cent of the total production for the Mesaba last year. In 1921 the Oliver moved approximately 70 per cent of the ore from the various districts pending the shipment from this range. The Mesaba's announcement of the actual program 24 mines produced 28,455,324 tons of the total production for the Mesaba last year. In 1921 the Oliver moved approximately 49,000,000 tons hauled

from the district in 1922. This was an increase for the Mesaba of 71 per cent over the preceding year.

LETTER IN DEATH PLOT  
BERLIN, April 23.—More than 500 letters are being read in court here as evidence in the murder trial of Frau Blome and Frau Klein, young women charged with poisoning their husbands. In their letters they reveal intimate details of the alleged death plot, says the prosecutor.

## SPECIAL PRICES While the Alterations Are Going On The Kitchen Furnishings Section

Has a disorderly look. Things seem to be "all crowded up," and in spite of us the dust made by store work-  
ers is on everything. Just to see if you're keen for real bargains we've made sharp price reductions on a score or  
more of the every-day "usefuls"—said reduction will last only through alteration time.

BASEMENT

**Curzon's Speech Creates New Situation**

BERLIN, April 23.—(By the Associated Press)—Dr. Gustave Stresemann, leader of the People's party, told a public gathering here yesterday that Lord Curzon's speech in the house of lords last Friday had created a new political situation which the German government would take at its proper value. What Lord Curzon said about a settlement of the reparations question, he asserted, formed a suitable basis for a continuation of inter-allied discussion.

**Was Twice Awarded Congressional Medal**

DENVER, Colo., April 23.—Major General Frank D. Baldwin, retired, former adjutant general of the state of Colorado, and said to be the only man in the United States twice awarded the Congressional Medal of Honor, died at his home here last night. He was 81 years old.

**Girl Not Yet Returned to Associates**

LONDON, April 23.—Although all doubts as to the safety of Molly Ellis have been removed, the 15-year-old girl who was recently kidnapped by Afghan tribesmen in the Punjab has not yet returned to British controlled territory, so far as latest dispatches report. Friends of the family in England received an official telegram assuring them that the girl was about to be restored to her associates and a message from Simla says that negotiations for her release are in progress.

**ENTERTAINED ISOLATION HOSPITAL PATIENTS**

Forty members of the Broadway A. C. assisted by several of Lowell's leading entertainers, visited the Isolation hospital yesterday afternoon and entertained the patients of the hospital with a variety of musical numbers. Every performer was given a splendid ovation by the patients and officials, who appreciated the visitation of the club members.

**CONDITIONS AND EVENTS IN EUROPE**

Rev. Stanley High, acting pastor of the Pawtucket Congregational church, gave a talk of exceptional interest at the regular church service last night on events and conditions in Europe as

**Suffered 20 Years From Bronchial Cough**

Cured by Allen's Lung Healer

The following letter from Mrs. C. C. Maxwell of Danville, Mass., speaks for itself:

H. J. Allen Co., West Lynn, Mass.: Gentlemen—I am so enthusiastic about your Lung Healer that I want you to know what it has done for me. I had given up all hope of ever enjoying a rough that began 20 years ago. It was a hard, rasping cough that used to keep me awake four and five hours almost every night. My throat was parched and there seemed to be lumps in my throat.

Other medicines, even cod liver oil, had no more effect than water, but when I first took the Lung Healer it seemed to clear a path through the fullness in the throat and allay the irritation as nothing else had ever done. After taking the first bottle I was wonderfully relieved and the lumps in my throat disappeared and I slept without coughing a bit.

After a few weeks I was rid of the cough and you may rest assured that life took on a rosier aspect to me after that. Today I have no lung trouble at all and I give the Lung Healer all the credit.

I have given it to my children at different times, with just as effective results. It is also a splendid body builder.

Yours gratefully,  
MRS. C. C. MAXWELL,  
Danville, Mass.

Allen's Lung Healer is sold in Lowell by A. W. Dore & Co., Sanborn, L. B. Brunelle, T. J. Campbell, Lowell Pharmacy, J. J. Brown, Wm. H. Noonan, T. C. Walker, Fred Howard, E. H. Butler.—Adv.

**CLASS INITIATION BY LOWELL MOOSE**

A grand class initiation of new members into the Lowell lodge, No. 1, Loyal Order of Moose, was held in their quarters in Odd Fellows building yesterday afternoon before one of the most enthusiastic gatherings of recent years in Moose circles.

Hon. John Jacob Rogers, who became a life member, was chosen as the representative of the class of 75. Dignitary Elmer G. Wiley presided and the degree work was in charge of Edward St. Leger. The supreme lodge was represented by District Superintendent Arthur W. Hayden, who congratulated Lowell lodge on her large membership and the fraternal spirit which is present in her lodge activities.

Congressman Rogers, speaking as representative of the class, spoke mainly along fraternal lines and stated that as long as organizations such as this flourished there was no fear for the future of the country. He also outlined world events of the near past and told how they affected the policy of this country.

William F. Thornton was the speaker of the day and spoke on "The Perfect Tribute," a patriotic story. The story, as told by Mr. Thornton, was followed with the greatest interest and was thoroughly enjoyed by the members of the lodge.

**APPOINTMENTS TO NAVAL ACADEMY**

Four Lowell young men have received appointments to the United States Naval academy at Annapolis. They are Emmanuel Goyette, son of the late Thomas Goyette and a graduate of St. Joseph's college; Donald Hilton, son of Mrs. Edna Plummer of Pine street, a senior at the Lowell high school; Edward Martin, a high school senior and son of Mr. and Mrs. David P. Martin, of 125 Nesmith street; and Frederick Way, another high school senior and son of Mrs. Augusta C. Way, of 277 Westford street.

Hilton and Goyette are appointees of Congressman John Jacob Rogers. Martin is an appointee of Senator David I. Walsh and Way was named to enter the academy by Senator Henry Cabot Lodge.

**Rejects Bill Calling Turks of 25 to Marry**

CONSTANTINOPLE, April 23.—The Angora assembly has rejected the bill, introduced by the deputy for Erzerum, providing that all Turks aged 25 must marry and that each couple must have a child every three years. By this measure the deputy had hoped that the population of Asia Minor might be increased from 8,000,000 to 18,000,000.

**Viscountess Rhondda Sells Part of Estates**

CARDIFF, April 23.—Viscountess Rhondda, the only woman director of large coal fields in Wales and also the owner of vast estates in the principality, is disposing of part of her Monmouthshire properties. The occupying tenants have had the first opportunity to purchase and already have bought their holdings to the value of 90,000 pounds sterling.

**Fuel Shipments From the Ruhr**

PARIS, April 23.—Daily shipments of fuel from the Ruhr by the French have reached nearly 15,000 tons, according to official figures. On April 20, it is announced 9740 tons of coke and 5200 tons of coal were sent to France and Belgium.

**Bankers Gather for Annual Meeting**

RYE, N. H., April 23.—Bankers from all parts of the United States gathered here today at the Westchester-Biltmore Country club to attend the annual spring meeting of the executive council, American Bankers' association. It is estimated that close to 300 are here for the meetings, at several of which prominent speakers will appear.

**Old Fashion Antiseptics Could Not Have Done This**

Zonite Clears Up Abscess in Child's Ear That Had Been Discharging Six Months

Imagine what the result would be if a strong solution of any of the poisonous burning antiseptics which we were forced to use in the past was placed in the ear of a child. The following letter from Mrs. J. E. Allen, 167 Belmont street, Everett, Mass., tells how she used Zonite, the World-war antiseptic, to overcome a severe abscess in the ear of her ten-year-old son.

"For the last six months my son, 10 years old, had a severe abscess in the left ear. It discharged constantly—the discharge giving off a disagreeable odor. I began syringing the ear with a teaspoonful of Zonite in half a glass of water three times a day.

"In about a week the discharge ceased entirely and his ear is now completely well. Of course I think Zonite is the most wonderful antiseptic that has ever been discovered."

Zonite is the form of antiseptic that healed the gaping wounds of war after all other germicides had failed. It is the only form of antiseptic that is both powerful and harmless, non-irritating, yet effective.

Zonite, although more powerful than pure carbolic acid, can be used freely on the delicate membranes and tissues of the human body. It destroys germs instantly; then acts as an effective healing agent.—Adv.

**THERE IS NO REASON ON EARTH**

Why You Should Buy

Any Other **CRAWFORD** Range than the Either—

IN QUALITY  
IN STYLE  
IN CONVENIENCE  
IN ECONOMY  
IN PRICE

If you examine the Crawford Range and buy any other range afterwards you either

Have Forgotten:

The Improvement we have shown you.  
The quality and smoothness of the castings.  
The beautiful designs.  
The convenience of the single damper, etc.

Or you are not comparing the same size range at a given price.

**YOU HAD BETTER COME BACK**

and refresh your memory. We will gladly show you the Crawford Range over again. A range is not an article you buy every day. It's for a lifetime and the Crawford is absolutely more convenient, is absolutely more economical in the coal, wood or gas consumed and, size for size, style for style, costs less than any of the half dozen ranges on the market that can be considered anywhere in its class. Because of the quantity sold we can afford to sell them at a smaller percentage of profit. That's the system of this store anyway. Small profit, small expenses and big volume of sales.

## THE WORK OF THE BLIND

Everything in Readiness for  
Two Days' Exhibit and  
Demonstration

Everything is ready for the two-day exhibit, demonstration and sale of the works of the blind to be held in Liberty hall, Memorial Auditorium, Tuesday and Wednesday, April 24 and 25, under the management of the Massachusetts department of education, division of the blind, and the auspices of many local organizations and individuals.

Tuesday the hours of exhibiting will be from 2 to 11 and Wednesday from 10 a. m. to 11 p. m. It is hoped and expected that hundreds of people who will attend the Hattowitsch concert in the Auditorium Tuesday night, and the Boston Symphony orchestra ensemble concert Wednesday night will go right in to Liberty hall afterwards and inspect the display.

The Rotary club has taken charge of decorating a tea room by working through a specially appointed committee under the chairmanship of Harry G. Pollard, Mr. Pollard and Clarence M. Wood, a member of his committee, visited Liberty hall yesterday morning and made definite plans for the arrangement of the tea room. Harvey Greene has kindly promised several palms for decoration purposes. A. G. Pollard company will provide the dishes and silverware.

Miss Eleanor Sutton of the Normal school and Miss Brainhall of the Girls' Vocational school will have charge of the tea room, with the assistance of the following Normal school girls: Anna Mulvaney, Marion Garvey, Marie Reynolds, Margaret Reynolds, Dorothy Sheehan, Agnes Nollin, Barbara McAdams, Margaret Wood, Harriett Noonan, Katherine Hafler, Jessie Mc-

Donald, Eleanor Carmichael, Margaret Nugent, Anna Fay, Estor Fay. The following girls of the Normal school have made posters about the exhibit for display downtown: Edith Burdison, Gladys V. Pulnam, Florence K. Hargrove, Rosabel Gordon O'Hare, Lavonia Eaton, Florence F. Reynolds, Agnes Farrell, Rosella Kerr.

The work which is to be done by one of the blind workmen is to be loaned by the boys' junior high school of the Varnum school.

During the afternoon of each day tea, coffee and sandwiches will be served in the tea room. During the evening tea and cake will be served. Mrs. Lena Whittier has arranged with various churches throughout the city for the loan of or sale of wicker, cake and other necessities for the tea room.

Miss Emma Robinson of the New England Telephone and Telegraph company has given Miss Rose E. Trainor of the division of the blind very valuable assistance, here in Lowell in planning and arranging for the exhibit.

Committees as completed so far are as follows: Edward J. Cooney, general chairman; Mrs. J. L. Evans, hospitality committee, chairman; Mrs. Geo. D. Hawley and Miss Annie J. Devina, sales committee; Miss Eleanor Sutton, chairman tea room committee; Edward W. Galtier, publicity. On Wednesday the tea room will be in charge of a committee from Molly's Varnum chapter, D.A.R. under the direction of Mrs. John K. Whittier and Mrs. Ma-belle C. Jordan.

Organizations represented by individuals with sales assignments to be named later, to be in charge of tables during the exhibit, are as follows: Middlesex women's club, Mrs. G. L. Humphrey; College club, Mrs. Samuel L. Thompson; Lowell Guild, Mrs. James F. Owens; Lowell Teachers' organization, Miss Caroline Downey; Y.W.C.A., Mrs. Walter Muzzey; Y.M.C.A., Auxiliary, Miss Ella M. Reed; New England Telephone company, Miss Nellie F. Snow; Girls' City club, Miss James H. Ryan; Ladies of Charity, Mrs. James H. Ryan; League of Catholic Women, Mrs. John F. Saunders; Educational club, Mrs. Elizabeth L. Leggett; American Legion, Mr. Horatio Leggett; Notre Dame Alumnae association, Miss Marie Marren.

# Congress Must Conserve Helium If U. S. Would Be Supreme In Air

BY HARRY HUNT,  
N.E.A. Staff Correspondent

WASHINGTON, April 23.—American supremacy in airship development will be insured if the next congress will follow recommendations that will be submitted covering the conservation of helium gas.

Estimating the "reasonable" requirement for helium within the next 25 years to be between 1,500,000,000 and 2,000,000,000 cubic feet, helium experts will urge immediate legislation for holding in the ground the natural gas in these large secret fields.

"These fields have a gas of very large helium content. If allowed to be exploited commercially for ordinary gas uses they would be exhausted in four years. A reserve of two billion cubic feet of this non-explosive gas, which has 92.5 per cent. of the lift of hydrogen, would be ample, aeronautic authorities state, for the maintenance for 25 years of a fleet of 15 or 16 of the largest dirigibles.

Experts at Work

A board of helium engineers, appointed by the army and navy helium board but working with the facilities of the bureau of mines, has so perfected the process of helium extraction that not only is the volume extracted rapidly increasing but the cost per 1000 cubic feet is sharply reduced.

At the one helium plant now owned by the government, near Fort Worth, Tex., approximately 5,000,000 cubic feet of natural gas is being produced daily.

Miss Edith Stockton, the well known actress, has been seen in the bright lights of Broadway within a short period, will play the lead, and those who saw her in "Sweet Lullaby" will not have to be urged to come home.

**MERRIMACK SQUARE**  
Pola Negri, Conway Tearle and Conrad Nagel are seen in "Bella Donna," Pola Negri's first American-made Paramount production, which opened a week's engagement at the Merrimack Square theatre this afternoon. Bella Donna, as admirers of Mrs. Chaplin have named her when her beauty's power was at its height, is a romantic tragedy, directed by George Fitzmaurice. It brings a new Pola Negri to the screen—a Pola Negri you have never seen before. Remember, this is the famous European film star's first and only production made since her arrival in this country.

There will be no increase in ticket for this big attraction at the Merrimack Square. The other feature of the current program is "The Blacksmith," starring Buster Keaton in one of the funniest comedies of his screen career.

**RAVITO THEATRE**  
"Ninety and Nine," the great spectacular photoplay which depicts a beautiful story of romance and human interest and is filled with thrilling scenes, opens a four-day program at the Ravito theatre this afternoon and from the present indications it looks as though the same record-breaking crowd which greeted "The Third Alarm" will again be present.

The picture is one of the most sensational of the entire scene and not the least exciting is the great forest fire through which a train goes crashing with help. It has you gripped to the seat all the time.

**TONSILITIS**  
Apply thickly over throat—cover with hot flannel—  
**VICKS VAPORUB**  
Over 17 Million Jars Used Yearly

**THE STRAND**  
Elaine Hammerstein and Eugene O'Brien, in their own pictures and on the same bill, is the choice offering at the Strand for the first time in the week. Miss Hammerstein is appearing in "Under Oath," a highly dramatic screen creation, while Mr. O'Brien is being featured in his new film offering, entitled "John Smith." To say that both are exceptional pictures, goes without saying. The rest of the program is excellent and includes a comedy that's most amusing.

**CROWN THEATRE**  
In a recent magazine article Sarah Bernhardt declared that "Theodora" was one of the favorite roles of her long career and referred to the drama which Victorian Sardou wrote especially for her as one of the most powerful productions that she had ever seen. Yet with the limits necessarily prescribed by the speaking stage, her presentation of "Theodora" was a weak thing compared with the magnificent screen production which Goldwyn brings to the Crown theatre today and Tuesday. As Bernhardt played it, the cost, "extra" and all, amounted to about \$50,000. The screen spectacle used the services of more than 2,500 players and cost more than \$2,000,000.

**LOWELL OPERA HOUSE**  
"Nothing But the Truth," William Collier's best known and funniest story, which was produced in New York, with the author in the leading role, will open at the Lowell Opera house tonight. The humorist of the low theatre has discovered that their patrons like to laugh better than they like to weep and it is in line with this love of laughter and low comedy, that some of the best known of the modern farces will be played, in the near future. The story is woven around a man who he is forced to play situations that he would not tell a lie within a limited space of time. Since this has involved a considerable sum, his friends went out of their way to plan situations that would make the hero deviate from the straight and narrow. The show is full of situations that would make a man of the assembly. Most people could like to be a thousand years old without ever experiencing anything of a similar nature, but the man in the modern American life in a modern American life get into a tangle, that in the slang of recent times comes very near to, "jamming the works."

**ALL WORK GUARANTEED**  
**SHWARTZ'S SAMPLE SHOE STORE**  
24 PRESCOTT STREET

THE GOVERNMENT'S HELIUM PLANT NEAR FORT WORTH, TEX., BEGINS CAPTAIN E. S. LAND (LEFT), NAVY HELIUM EXPERT, AND LIEUTENANT COLONEL H. F. FRAYVEL (RIGHT), ARMY EXPERT.

passed daily, yielding from 25,000 to 50,000 cubic feet of helium. Total production to date amounts to 4,500,000 cubic feet.

This is sufficient for the operation of the two great dirigibles nearing completion—the ZIS-1 and ZIS-2.

Cost of helium extraction, which has varied between \$5 and \$50 per 1000, may be cut in half or perhaps more by the more efficient methods now being worked out.

**Cheap in Long Run**

Because helium may be purified and used over and over again, a cost of

\$5 to \$15 a thousand would make it less expensive than hydrogen in the long run.

Hydrogen, when it loses its purity, must be thrown away. It costs \$12 per 1000. Helium may be re-purified, at a cost of \$2 for 1000 cubic feet and used indefinitely. And with hydrogen of course, there is always present the danger of explosions—costly both in life and money.

A helium re-purification plant is now being erected at Lakehurst, N. J., which will have a capacity of 1000 cubic feet an hour. This plant could purify all the gas in the ZIS-1, for instance, in 100 hours.

Bodies, a portable purification plant, occupying two railway cars, is being built. This plant, developed by the bureau of mines, will have a capacity of 1000 feet an hour.

Purification is obtained by passing the gas through chemical at the temperature of liquid air. Nitrogen and oxygen are removed and the pure helium remains.

The fact that the United States, with the single exception of Canada, is the only country possessing sources of helium supply, make steps for its conservation most imperative.

The whole question is now being intensively studied by the army and navy helium board, headed by Lieutenant Colonel H. F. Frayvel of the army and Captain E. S. Land of the navy.

(Tomorrow Hunt gives The Sun readers another story on America's used over and over again, a cost of

## Danced 107 Hours and Two Minutes

DALLAS, Tex., April 23.—R. J. Newman, local athlete and World war veteran, quit the floor here at 3:52 o'clock this morning, having set a record of 107 hours and 2 minutes dancing. He was allowed a 15-minute rest period each four hours of his endurance test which started at 1:15 p. m. last Wednesday. Locally it was declared this set a new world's record.

## Public Now Prefers Vegetable Laxatives

Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards.

As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; coal-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures," over-effective, weakening and gripping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Burroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family uses it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to keep up liver and bowels. A generous-size bottle can be had at any drug store, and it costs only about a cent a dose!

## WEAK AND RUN-DOWN

Caught Cold After Cold Until She Took WINCARNIS

"I was very much run-down and feeling real miserable. I caught one cold after another. I was very nervous and irritable. Every little thing set my nerves on edge. My appetite was poor and I wasted down to almost nothing. I was pale and looked simply bloodless.

I decided to try Wincarnis and it certainly benefited me. I never look anything in my life I got so much good from. It is certainly very strengthening.

I shall always be glad to praise the merits of Wincarnis and if anyone wishes to write me personally I will be glad to answer all questions regarding what it has done for me."

(Mrs. Richard Ford, 15 Lincoln Ave., Colusa, N. Y.)

**BAD BREATH**

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating the into natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

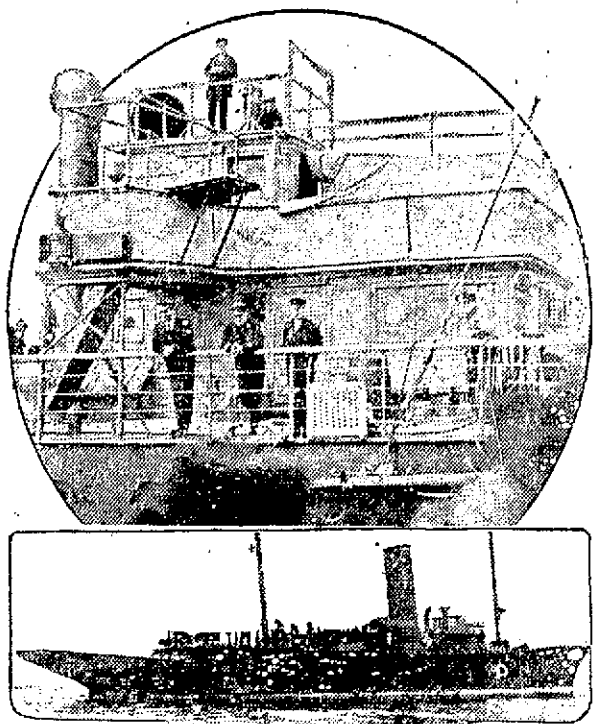

Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 50c.

## 1923 CAPT. KIDDS HAVE NO GLAMOUR WRITER LEARNS AFTER TRIP TO BOOZE FLEET

THE BIGGEST OF THE RUN FLEET VISITED BY PROHIBITION DIRECTOR CANFIELD, AND ABOVE THE CAPTAIN AND TWO OF THE OTHER OFFICERS DOING SOME LONG DISTANCE CHATTING WITH THE DRY SLEUTHS.

BY JACK O'DONNELL  
Author of "Cracking the Drinkers Into the Sahara" and Other Stories on Prohibition Enforcement

RUM ROW, 12-mile limit, Atlantic Ocean, off New York, April 23.—Captain Kidd, 1923 model, is fat, flabby and 40, without color or cutlass, mustache or magnetism.

I saw half a dozen of him when Palmer Canfield, federal prohibition director of New York, made a semi-official call on the rum-runners off the Jersey coast on the U. S. revenue cutter Manhattan. He is a nondescript person in the same way that a coal miner on a river bank is nondescript. He looks just like any one of a thousand fishermen one meets in the ports of the world.

The color and glamour of the smugglers and pirates of the 17th century are missing. The average American boy would have wept with disappointment had he been aboard the revenue cutter with Director Canfield when the rum fleet was visited. The crew we saw wore dirty clothes, black sweaters and caps such as stevedores sport when times are tough.

And their followers! They, too, are a sorry-looking crew with stolid, tired faces, and as colorless as distilled water. There is nothing of the swash-buckler about the smugglers of today. Captain Kidd would scorn to sail the seas with them, and they, no doubt, would look stupidly at anyone who

should mention the name of that picturesque Englishman.

Those of us who had hoped to see modern Capt. Kidds, red or scarlet kerchiefs about their throats, cutlass in hand, strutting up and down foot-lit-decks, got the surprise of our lives. The rum ships—battered and bruised old hulks for the most part—have captains who stand at the rail, staring stupidly or with disgust at the inquisitive visitor.

Drab is the word that describes them best—describes not only the ships but also the ships themselves. If there are any "skulls and crossbones" on these vessels they are on the bottles of booze in their holds. If there is any romance in the rum-running business it must be in the gold they receive from the bootleggers who come to the ships and carry away cases of Scotch, rum and other liquors. One "Captain Kidd" we saw and talked to was a funeral-looking Englishman who said the captain of the revenue cutter and used rather English. He didn't seem to fit in with the rest, and he was ill at ease while exchanging greetings with our own skipper. He was on a ship which at one time belonged to a millionaire of New York city. The ship's sides are battered and scarred from the many small craft which have come alongside her since she entered the rum-running business, and her decks cannot be described by the well-known phrase, "shipshape."

## SAYS LEAGUE INCREASED USE OF NARCOTICS

WASHINGTON, April 23.—The League of Nations instead of suppressing the traffic in habit-forming drugs, did quite the contrary. Chairman Porter of the house foreign affairs committee, declared in a letter to Lord Robert Cecil, leading proponent of the league who is now in Washington, declining an appointment to discuss the activities of the league's opium commission.

Mr. Porter took issue with a statement in an article signed by Lord Robert that the league had "struck vigorous blows at world evil like the sale of opium, cocaine and other noxious drugs," and enclosed with his letter, which he made public yesterday, copies of his committee's hearings and its report on the resolution adopted in the concluding days of the last session of congress calling for the limitation of production of opium and cocaine leaves to the quantity "needed only for strictly medicinal and scientific purposes."

When a similar resolution was submitted by the opium commission to the league assembly, he said, the latter substituted the word "legitimate" for the phrase, "strictly medicinal and scientific," at the suggestion of the Indian delegate that "the Indian population is throughout vast area without adequate medical assistance, and therefore habitually takes opium in small doses as a prophylactic, or as an effective remedy against diseases."

"It is perfectly obvious," Mr. Porter said, "that the striking out of the specific words 'strictly medicinal and scientific' and the substitution in lieu thereof of the general word 'legitimate' was intended to legitimize and thereby continue to encourage the sale of large quantities of this drug without restrictions on its use, which is 'legitimate' in the ordinary possessions of many European countries and thereby preserve the enormous and immoral revenues which the opium producing countries derive from its production and sale."

"Your statement as to what the League of Nations has accomplished," he later said, "coupled with your advocacy of the league permits the inference that the United States, by refusing to become a member thereof, is not only indifferent, but opposed to the suppression of this deadly traffic. As a matter of fact, the United States without regard to revenue, has always pursued a program designed to suppress the illicit traffic in habit-forming narcotic drugs, and I earnestly trust that the nation of which you are a very distinguished citizen, will one long adopt the same policy and thereby further cement the ties of friendship which now exist between our respective countries."

## SNOBBISM IN MUSIC HURTS OPERA

CHICAGO, April 23.—Artistic snobism should be abolished at once and for all time, or as a nation we can leave no trace behind, declared Mrs. Archibald Fraser, chairman of the Opera in our Language Foundation, in an address to the ARHMO club of Chicago. "There is patriotism in art, or there is no patriotism at all," continued Mrs. Fraser. Had the countries of Europe followed our past policies, there would have been no Wagner, no Verdi or the Russey.

"We as a nation have a language; we have American trained singers and more than 10 American operas fit for hearing in any opera house in this country and to have them furnished from companies incorporated in the United States is an injustice every true-hearted American should resent."

"Every country of Europe is singling its own vernacular, which means they are building up their own national music and literature. They take good or bad translations, but insist on their own language."

"But we must go still further. How can we build up good citizenship with a condition existing such as three score foreign language newspapers in Chicago in which no word of English appears? We cannot carry facts or art to the citizen who does not know our language."

"These newspapers and all like them by governmental decree, should be bilingual. Our children will have no careers in this artistic field if we do not."

## FRECKLES AND HIS FRIENDS

## ST. JOSEPH'S CONVENT PUPILS ENTERTAIN

There was a large audience at the entertainment conducted last evening in St. Joseph's college hall in Merrimack street. The affair was given by the pupils of St. Joseph's convent in Moody street under the direction of the Grey Nuns of the Cross and was a big success. The receipts of the evening, which were very substantial, will be devoted towards the purchase of new apparatus for the high school department, which has been conducted for the past two years.

The program follows:

Overture, Paganini  
Chorus, The Secret of Happiness  
By pupils of fourth and fifth grades.  
Quartet, Tamerlaine, C. Saint Saens  
Misses R. Dore, E. Greenwald, D. Lacey and C. Papetto

Operetta, Paganini  
Chorus, The Secret of Happiness  
By pupils of fourth and fifth grades.  
Exposition, piano, selection  
Misses E. Greenwald, J. Dupuis, Misses C. Saint Saens, J. Dupuis and G. Green.  
Chorus, A Robin's Nest  
By pupils of fifth, seventh and eighth grades.

## Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia start with a cold. The moment you get those warning aches, get busy with good old Musterole. Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. Rub it with your fingertips. First it will feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness. 35c and 65c. in jars and tubes. Better than a mustard plaster.

# Chesterfield CIGARETTES

"That ad started me smoking the best cigarette ever made!"

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

AS ROUGH AS FOOTBALL

This action photo taken during the Junior-Sophomore inter-class lacrosse game at Stevens Institute, Hoboken, N. J., shows that the game is not for soft hands, heads or hearts.

WELL, WELL! STRIP GOLF NOW!

The loser at each hole doles an article of clothing. It's best to have the barrel at about the 17th hole. That's where Shirley Vernon, Follies girl, found it quite necessary for the continuance of the game. This, at the Sound View Golf Club, Long Island. Notice that Nore Savage, her opponent, has lost her shoes and stockings.

## HAND TO REPLACE EAR AS SOUND DETECTOR

CHICAGO, April 22.—This development of a hand to replace the ear as an organ for distinguishing sounds, has been carried by Prof. Robert H. Gaunt, of Northwestern University, to the point where university authorities have announced that he believes he is uncovering a new field, which may lead to direct help for the deaf.

Prof. Gaunt has been able to train John Crane, a student, who is not deaf, to recognize certain spoken words, through the palm of his hand. The vibrations of a voice speaking through a long line of rods to the hand, on Mr. Crane's palm, while the sound is shut off from his ears, Prof. Gaunt is attempting to experiment with an acquisition in the hand of a stone deaf person, with the speaker a long distance away. The eyes of these experiments:

## Get One of These Parasols For Your Summer Outfit

By MARIAN HALL

NEW YORK, April 23.—No accessory for this season is nearly as fascinating as the parasol.

In poking about New York's smartest shops I found a collection that seems unique.

Take the "Filtration." Is there a woman living who couldn't immediately develop the coquette complex as she grasped the curved handle? I saw this model with silk fringe, and another style that had a hand crocheted top with long, hand-knotted fringe, mounted on a white linen foundation.

Parasols of Hawaiian paper, highly decorated and unbelievable in size were popular at the winter resorts and will be standbys for beach use this summer.

The "Geopatra" is just what you would expect—all hieroglyphics, lotus flowers and scarabs.

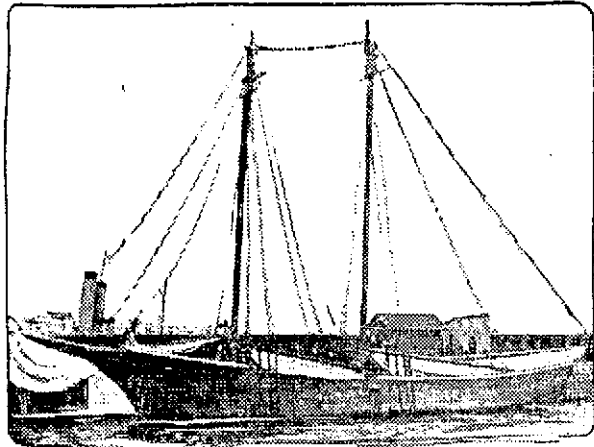

"Dream of Summer" looks like a well developed powder puff. It is of delicate, pink ostrich feathers so loosely attached that they wave and

away in the summer breezes most charmingly. Perishable and costly—but lovely.

"Madame Butterfly" came right over from the land of cherry blossoms and chrysanthemums. It is of paper and contains countless ribs. The American copy is of Japanese silk embroidery or printed with Japanese figures.

The crocheted parasol is naturally going to be popular for the summer because it is so practical. The latest stunt is to have a crocheted hat to top with long, hand-knotted fringe, match the parasol and the rest of the costume pure white. The hat must be the very small, cloche type, so as not to appear to relieve the parasol of any of its mission.

Handles are short and chunky. Some of them are black with gold figures, the surface highly polished, giving the effect of lacquer. Others are carved or set with large colored stones. Occasionally one meets the plain handle of wood, painted to bring out the predominating color of the sunshade.

SHIP OF MYSTERY

This schooner, with one of her masts broken, her stores broken open, discharged cartridge shells scattered from stem to stern and a machine gun mounted for action, was found adrift at Great South Bay, Long Island. Yes, there were empty whisky cases aboard.

## EVERETT TRUE

EXTREMES

The oldest and youngest of the Good Will delegation to France, Miss Anna Magdalena Lauer, of Baltimore, and Mrs. Elizabeth Buswell, of Boston, only Gold Star mother on the expedition.

Cigaretts which will not drop their ash over the clothes of the smoker have been invented.

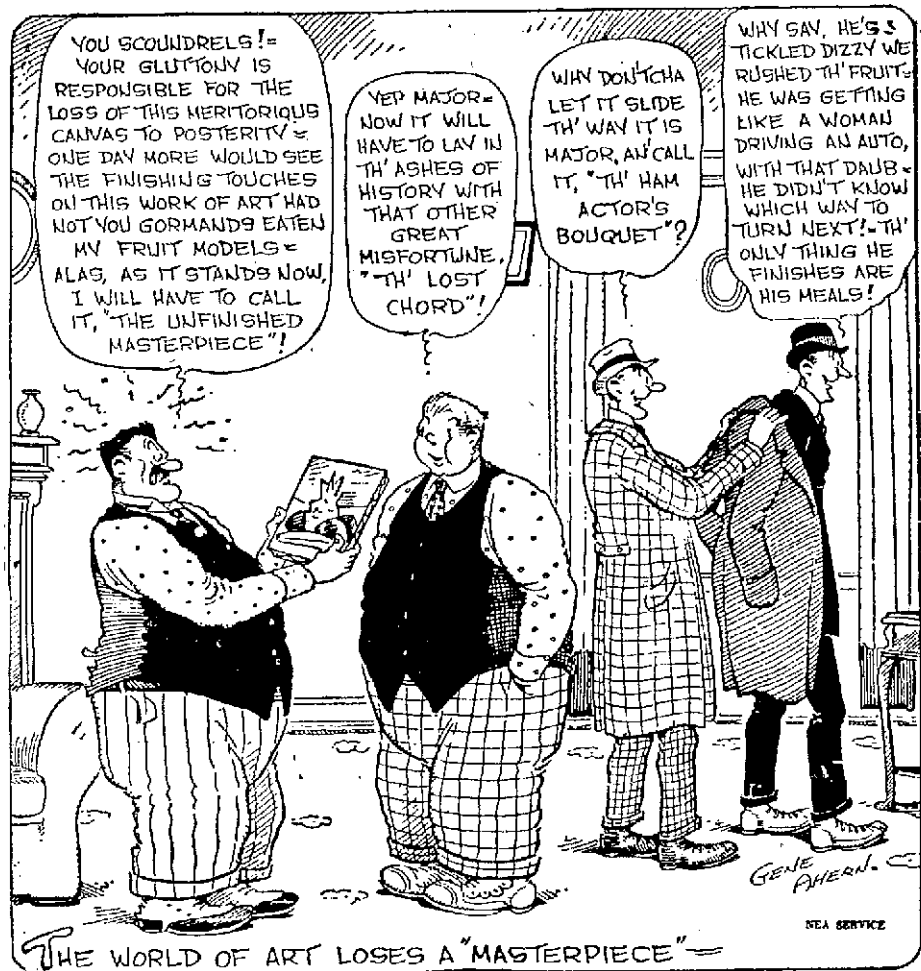

Infant mortality in England has decreased from 153 per thousand in the period 1841-1850 to 100 per thousand in 1911-1920.

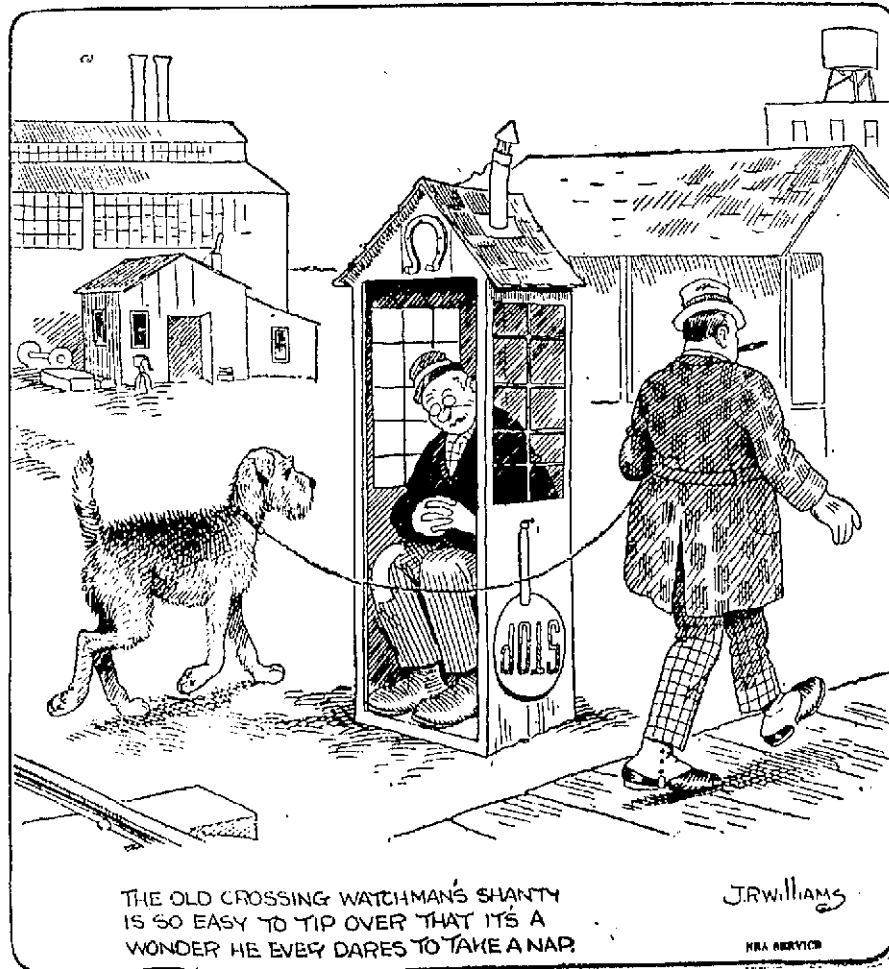

OH, FOR INDIAN DAYS!

This "Indian princess" is Josephine Ira Rider, daughter of ex-Senator T. C. Rider, Muskogee, Okla. She's been four years on the concert stage taking a leading role in the Indian opera "Naloma."

## OUR BOARDING HOUSE

## OUT OUR WAY

## INDICTED MEN IN COURT TODAY

Five Accused After Investigation of Stock Deals Involving Boston & Montana Co.

Charles L. Burrill, Member of Governor's Council and Former State Treasurer, Named

BOSTON, April 23.—Five men recently indicted after investigation of business stock deals involving the Boston & Montana Co., were due to appear in the superior court today. All are officials of the American Discount corporation. They are Charles L. Burrill, a member of the governor's council and former state treasurer; William R. Burrill, a member of the governor's council; George W. Burrill, a member of the governor's council; and two others whose names have been secretly indicted in connection with the same transactions.

## PLANTING TREES IN MEMORIAL GROVE

The work of planting Red oak trees in what is known as Memorial grove off Knapp avenue in the rear of the Lowell cemetery was started last Saturday by employees of the park department and was continued today. On Saturday fifty trees were set in place and 50 more were planted today. Next Saturday, which will be Arbor day, special exercises will be conducted on what will be known as "Remembrance day" in that locality, if the members of the American Legion so decide, for everything in the line of exercises has been left in their hands. It is being planned to plant 150 Red oak trees through the drive and this work will be rushed along.

## MATRIMONIAL

A pretty wedding took place this morning when Mr. Albert Chapdelaine, a prominent young resident of Pawtucketville and Miss Ora Marlineau, a well known young woman of St. Joseph's parish, were united in the bonds of matrimony. The ceremony was performed at a nuptial mass celebrated by Rev. A. A. Angier, O.M.A. The bride was attired in a beautiful gown of white tulle and carried a bouquet of sweet peas. She was given away by her father, Mr. Louis Marlineau, while the groom was attended by his father, Mr. Louis Chapdelaine. At the close of the ceremony a buffet luncheon was served at the home of the groom's parents, at 1049 Avenue of the Republic, where the happy couple left on the 10:45 o'clock train for Canada. After May 15 they will be at home to their friends at 446 Fletcher street. Attending the festivities were friends and relatives from Manchester, N. H. and other points.

## SUN BREVITIES

Best printing, Tobin's, Associate bldg. French Linotype Laundry, Tel. 6620. Catering the best—Lyon, Tel. 4931. Fire and liability insurance, Daniel J. O'Brien, Western Exchange. Floor lamps, bridge lamps, portable lamps and outdoor lamps, reasonable prices, Electric shop, 65 Central st. Attorney and Mrs. Joseph P. Donahue are rejoicing over the birth of a son, born in St. John's hospital this morning. Mr. and Mrs. Victor Hamel of Hemlock street, Braintree, are rejoicing over the birth of a son, which occurred Saturday. The baby was christened last evening at St. Louis rectory and was given the name of Paul Emery, the sponsors being the grandparents, Mr. and Mrs. Arthur Latour.

## ESCAPED FROM INFIRMARY

The Lowell police have been notified that Frederick Farg, a young man, had escaped from the state infirmary at Tewksbury. He is described as being 5 feet, six inches tall, of medium brown complexion, had nose and ears through his nose. He wore brown shoes, blue trousers and blue coat.

## MACHINE GUN BATTERY

Capt. Crowell Would Like to Take on About 20 More Men

Physically fit men for the National guard units in this city are desired at once, particularly for Company M, machine gun battery and for the headquarters detachment. Captain Crowell of the machine gunners would like very much to take on 20 men at this time in order to have them in readiness for summer encampment at Levens.

## LOWELL DISTRICT COURT

Many Arrests for Drunkenness Over the Week End—Today's Docket

The warm spell over the weekend was apparently conducive to intemperance in alcoholic beverages, judging by the number of offenders for drunkenness in the district court this morning. The usual roster of first offenders were released before appearing in court.

John F. Shuehler made his sixth trip to the bench this morning. He was charged with drunkenness and pleaded guilty. Although the court was inclined to impose a direct sentence on the defendant, he was allowed to go on condition that he make a heavy out of this city. Shuehler said he hadn't taken a drink for many months until last Sunday, when he fell into temptation and the arms of the law. He stated also that he went to Lawrence once upon a time and remained there for nine years. He was requested to go there again for another nine years and promised to do so.

James J. Farrell was arrested yesterday by Officer Joseph Farley after he had been charged with drunkenness in abusing his wife and children. The officer testified that he was knocking pictures off the walls of his home when he was placed under arrest. A sentence of four months to the house of correction, suspended for a year, was imposed, with the added provision that he remain away from the home of his wife.

Peter Walsh, charged with drunkenness and assault and battery on Nicholas Oluk, was continued in \$400 until next Monday. The complainant appeared in court with a bandaged head, caused by wounds alleged to have been inflicted by defendant while in a drunken rage.

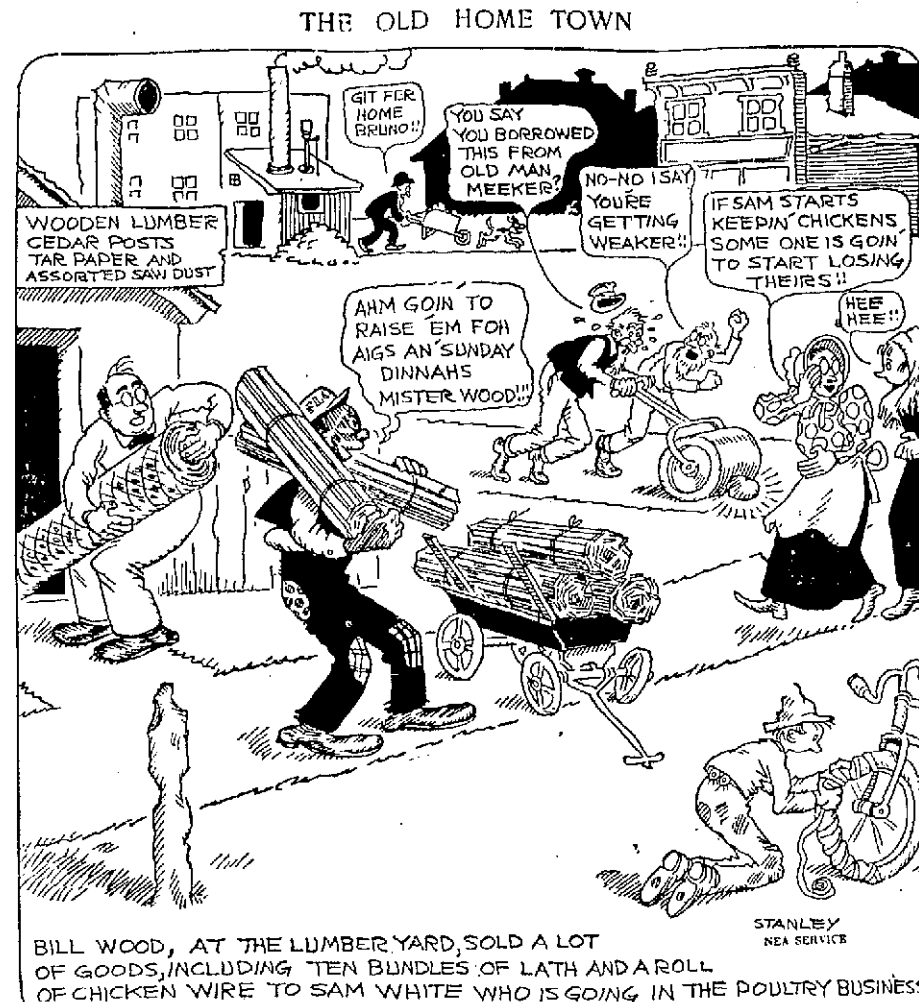

Robert McCarthy, on a finding of guilty to drunkenness, was given a sentence of six months to the house of correction, suspended for a year. He was also charged with abusing his wife and received a caution to remain away. The wife testified that she has been supporting him and her two children for some time and that when her husband drank he would beat her.

George Adamakos was found guilty of being a stubborn child and was placed in the care of the probation officer. His mother stated that she has left home on five occasions without notifying her of going, and in violation of her destination. She is 18 years old, she said, and has repeatedly refused to abide by her mother's authority.

Joseph E. Carrigan and Francis H. Trainor, who were arrested in Nashua last Saturday in connection with the theft of a Ford coupe, appeared in court this morning charged with larceny. They were ordered continued until tomorrow.

George Mikrakovas was fined \$20 for being present where gambling implements were found. Thomas Peronolos, for the same offense, was fined \$10, and the following, all concerned in the same raid, received fines of \$5 each: Peter Poulos, Peter Sinos, Peter Karamakos, John George, Charles Karkalos and Louis Blakes. Mikrakovas offered his \$20 and was ordered to reimburse in the sum of \$200 for his appearance in the superior court on the first Monday in May.

WANTED  
Four coal shovelers. Apply Mr. Carney, No. Billerica, Mass. Tel. 14-24

## POLICE MAKE BIG LIQUOR RAID IN DRACUT

One of the most elaborate seizures yet brought to the attention of liquor officers in this district was disclosed about four o'clock on last Saturday afternoon, when Chief Burt Cluff of the Dracut police, Town Officers Pillsbury, Roth, Canale, Lavell, Morrison and Tremblay, and Sergeant Winn, Officers Bagley and Linton of Lowell and Federal Agents Sullivan and Hall, raided the home of Eugene Farnel at 17 Peabody avenue, off Lakeview avenue in the New York section of Dracut, and found besides four large and well set-up stills, 2000 bottles neatly packed in cases ready for filling.

Two of the stills, estimated at 100 gallons capacity each, were in operation when the officers appeared on the scene. Farnel was arrested and charged with illegal keeping. He failed to put in an appearance in the district court this morning and was ordered defaulted. The Dracut residence has been under surveillance for some time. Liquor officers had seen automobiles leaving the house on several occasions and it was reported that a prominent Lowell business man was involved in the illicit manufacture of the goods, but to date Farnel is the only one to receive a summons.

The seizure was placed in the town hall, the transportation process being brought about with the aid of four 5-ton trucks, which backed up to the door of the residence. The cases were marked "Alco-Kool."

## COTTAGE HOUSE SOLD

George Hixson has purchased from Adolph Charbonnet the seven-room cottage and 1000 square feet of land at 50 Robert street. The sale was effected through the office of St. Pierre & Bergeron and the sale price is said to be in the vicinity of \$4000.

## NOTICE

MARTIN E. CLOUGH  
Well known Hat Salesman in the employ of the B. J. Macartney Co., wishes to inform his many friends, that he has severed his connections with above said firm.  
Mr. Clough has been connected with the Macartney Co. for the past six years and in that time has made a host of friends, to whom he wishes to extend his most sincere thanks for their kind and generous patronage, while employed with the said firm.

## Charges Alienation of Husband's Affections

buying a four tenement block in Second street, Centralville.  
At 11:40 o'clock the court took a 10-minute recess.

Joseph Pearson called Joseph Pearson, 283 Branch street, an overseer at the Waterhead mill, testified he knew John Windsor intimately while working at the Waterhead. He noticed Windsor and Mrs. Whittier were very friendly. He saw them shopping together and said if a person did not know them he would think they were man and wife.

Arthur J. Kenwood, the next witness called, said that prior to 1915 he never talked with John Windsor without hearing him speak lovingly of his wife and children in England. Windsor also told him, he stated, that he wished his wife would come to this country and try living here.

He said either he or his wife had first introduced John Windsor to Mrs. Whittier, he could not just remember which.  
He said on several occasions he had seen John Windsor and Mrs. Whittier, but never had been able to get him alone in a room.  
"It always seemed as if I could not get him out of the kitchen. Once we went into the living room, but Mrs. Whittier followed us in and I could not talk to him as I wanted to," he testified.

He testified Windsor had told him at one time of saving 2000 pounds in British money.

## Witness was asked by Mr. Hill if he ever had asked John Windsor to live with him and the reply was in the negative.

"Didn't John Windsor say to you that he could not go to live with you because he had a weak heart and your treatment was not on the ground floor?"

"He never had an opportunity to say that because he never was asked to come to live with us," witness replied.

## Savings Bank Treasurer

Arthur J. Murkland, treasurer of the Central Savings bank, testified as to accounts carried there by John Windsor.  
He testified to an account opened by Windsor in 1910 and closed out in 1917 when it amounted to \$1973.08. It was closed out on order of the Old Lowell bank, signed by Windsor.  
Another account was opened in 1917 in the names of Christina M. Whittier and John Windsor, jointly.

On Sept. 29, 1917, Mrs. Whittier drew out \$537 from this account and thereafter periodically, until the account was closed in May, 1922, Mrs. Whittier drew out amounts varying from \$35 to \$250. Only one withdrawal, \$15, was made by Windsor in August, 1918. Mrs. Whittier closed out the account in May, 1922, with a withdrawal of \$58.67.

Charles E. Walsh, vice-president of the Middlesex National bank, testified to the closing of an account there in the name of John Windsor in 1917. This was on order to the Old Lowell National bank.  
Walter W. Cleworth, of the old Lowell bank testified his bank had loaned John Windsor in March, 1917, \$2500, taking as security bank books from the Central savings bank, City Institution for Savings and Middlesex National bank.

Ray S. Ryan, of Ryan Bros. testified he knew John Windsor and Mrs. Whittier. He produced a card which showed that his firm had been instrumental in selling property in Second street for which the deed was made out in the name of Christina M. Whittier.

Nonn recess.

## 8 KILLED ON CROSSINGS OFFICER FOUGHT OFF GANG OF 20

Two Auto Parties Run Down by Trains—One at Cincinnati, Other at Buffalo

CINCINNATI, April 23.—Four men were killed late yesterday, when a passenger train on the Big Four railroad Cleveland to Cincinnati, struck an automobile at a crossing at Elmwood, near here. The accident happened five minutes after the crossing watchman quit work.

According to a lone witness, a negro, the automobile was struck squarely in the centre and the occupants thrown to opposite sides of the tracks.  
The dead are as follows:  
Harry Frank, driver of the automobile; Donald Tannoy, George Blefeld and Elwood Jones. All were residents in Cincinnati and ranged in age from 21 to 25 years.

## Four Killed Near Buffalo

BUFFALO, N. Y., April 23.—Four persons are dead as the result of the grade crossing accident Saturday night when a Lehigh Valley railroad train struck an automobile.  
The dead are: Albert Sherman and his wife of Niagara Falls; Mrs. Emma Meehl, also of Niagara Falls and Arnold Cumrow, of Ransomville. Sherman was instantly killed and the others died at a Tonawanda hospital during the day. The automobile caught fire after the collision and Sherman was probably burned to death.  
Mrs. Sherman and Cumrow also were terribly burned.

## PARK BOARD WILL MEET THIS EVENING

The members of the park department will hold a special meeting at 7:30 o'clock this evening at the city hall for the purpose of taking action on the seizure of the so-called Ayer land off Mammoth road and Woodward avenue for playground purposes. It will be remembered that in the early part of the year the city council voted a loan of \$125,000 for the seizure of that large tract of land. The order was signed by the mayor and last week Councilor (guest, sponsor of the order, conferred with park department officials in an endeavor to rush the seizure through so that the new playgrounds will be put in shape for the coming season.

## WEDDING ANNIVERSARY

On Thursday, April 12, at the home of Mr. and Mrs. James W. Greenwood, 15 Lyon street, a large gathering of friends of the couple assembled in honor of their 25th anniversary. Many beautiful gifts of silver were received from Mr. and Mrs. H. Henshaw, Mr. and Mrs. Satio, Mr. and Mrs. Ashworth, Mr. and Mrs. Cowell, Mr. and Mrs. Irwin, Mr. and Mrs. Nicks, Mrs. Parker, Mrs. Carr, Mrs. Aile, Mrs. Curran, Mrs. Hickson of Worcester and Mr. and Mrs. H. Shaw of Montreal. Supper was served by the hostess and after an enjoyable evening, the party broke up wishing the couple the best of luck in the future.

## New High Record For Cuban Sugar

NEW YORK, April 23.—Cuban raw sugar today sold at a new high record since 1920, with a sale of 10,000 bags to an operator for May shipments at 6½ cents, cost and freight, equal to 8.25 delivered. Raw futures also touched new high records and one local refiner, advanced list prices for fine granulated 10 points to 9.70.

## Deny Jap Troops Landed at Alexandrovsk

TOKIO, April 23.—(By the Associated Press)—The war office today denied the reported landing of Japanese troops at Alexandrovsk on the Siberian mainland. Not a single Japanese soldier is in Siberia, it was said at the war office. The report that a Japanese expedition had been landed, doubtless arose, it was added, through the decision of the military authorities to relieve the garrison in the north of Sakhalin island. New troops left for there today. The garrison at present numbers 3000 but will be reduced to 2000.

## ACCUSES ATTORNEY GENERAL OF USING POWER OF INDICTMENT FOR POLITICAL PURPOSES

R. C. Marshall, Jr., Chief of Construction Division of Army During War, Accuses Daugherty of Besmirching Reputations Without Evidence to "Even Decently" Support Charges

PITTSBURGH, April 23.—Attorney General Daugherty was accused of using the power of indictment in the war camp contract cases for political purposes and of besmirching reputations without evidence to "even decently" support his charges, in a speech here today by R. C. Marshall, Jr., chief of the construction division of the army during the war.

Addressing a business men's luncheon, Mr. Marshall, who formerly held the rank of brigadier general, said the department of justice "after five years and following investigations costing the government hundreds of thousands of dollars" had the "unmitigated effrontery" to plead unpreparedness in several of the cases, at the same time accusing contractors of inefficiency for having built whole cities in 90 days.

"The spectacle of these men (the war camp contractors) pilloried in the public press, posted as evil self-seekers in the time of the nation's travail," Mr. Marshall said, "is the result of our fluctuating political power. There are men and processes actively at work in this great department today

## BODY RIDDLED WITH BULLETS

"Blackie" Stello, White Slave, Dope Peddler and Burglar, Slain in New York

Police Believe Victim Was Double-Crossed By Members of His Gang

NEW YORK, April 23.—The bullet-riddled body of 17-year-old "Camino" ("Blackie") Stello, known to the underworld as a white slave, dope peddler and burglar, was discovered in the back of a shop in Chinatown today, amid evidence which, police say, tells a grim tale of gang revenge.

He had been dead for hours. In his head and chest were seven bullet wounds. His right hand clutched a small flash light, his left an empty .25 calibre pistol shell. Nearby lay a .25 calibre automatic with six expended shells.

Police believe "Blackie" was double-crossed by members of his gang. As they reconstruct the story of his death, it was learned that he was in a job, he was given the flashlight and, while he stood with it in his right hand, his companions backed away and showered him with bullets.

## CHILD KILLED BY AUTO

Brighton Shoe Manufacturer Arraigned Here on Charge of Manslaughter

Six-year-old Florence Anita Ayotta died on the way to the Corporation hospital yesterday afternoon, as the result of being struck and run over by an automobile owned and driven by Louis O. Cook of Brighton, a shoe manufacturer. The fatal accident occurred in front of the L. R. Brunelle drug store at 725 Mealy street, about 4.40 in the afternoon.

People in the immediate vicinity who witnessed the fatality, said that the Ayotta girl was accompanied by two other youngsters. Her companions started across the street, but she

## CHANGES MADE IN THE POLICE DEPARTMENT

Owing to the transfer of six police officers from patrol work to the motorcycle squad, a few changes are to be noted in the department. Effective today, the following officers will cover districts left vacant by the transfers: James Noonan goes to the day route in the Highlands formerly covered by Frank Marshall; Officer Noonan's former beat in the Liberty square area is taken by Officer William Murphy; Officer Charles Clancy takes the early night shift at Market and Button streets, left vacant by Officer Murphy's transfer; Officer Owen Conway goes to Kenney square on the early night shift in place of Officer Walter Kivlan now assigned to the motorcycle squad; Officer John Reardon takes the place of Officer Frank Murphy, of the motorcycle squad, on the late night shift in upper Gorham street; Officer T. Riordan is assigned to late night duty in West Centralville; Officer Charles Hamilton, motorcycle officer, is succeeded in Centralville on the day shift by Officer C. Sheridan.

The liquor squad remains intact.

## WAS SERIOUSLY INJURED

Lowell Man Unconscious in Lawrence Hospital as Result of Auto Accident

Michael Hyland, of 25 Ash street, Lowell, is unconscious in a critical condition at the Lawrence general hospital, as the result of an automobile accident yesterday afternoon on the Lowell-Andover road, near Flagstaff pond. According to state police, patrolling that section of the boulevard,

## KILLED WIFE AND SENT BULLET THROUGH HEAD

CAMPDEN, N. J., April 23.—John Krout, Atlantic City ice cream manufacturer, who shot and killed his wife last night and then sent a bullet through his own head, died today.

Krout had separated from his wife, living in Atlantic City with his seven children while she remained here with relatives. The shooting followed an argument over the signing of papers in connection with the sale of property.

Oil Fields, Especially Those Covered by Chester Concession in Foreground

Allied and Turkish Delegations Meet at Lausanne Today

To Make Another Effort to Draft Peace Treaty Acceptable to Both Sides

LAUSANNE, April 23.—(By the Associated Press.) The question of the Near Eastern oil fields, especially those covered by the Chester concession, is in the foreground today, as the allied and Turkish delegations meet in another effort to draft a peace treaty acceptable to both sides.

Whether the general subject of concessions comes before the conference formally depends on the success of direct negotiations between British and French concession holders and the Turkish government which were advised by the allies when they agreed to detach economic questions from the treaty. France, it is believed, will probably insist on the rights accorded her in 1914 by the former Turkish

## CALL 14 BRIDES AND 14 GROOMS

Subpoenaed to Tell Why They Suddenly Decided to Get Married in Groups

Weddings Held at House of David on Successive Nights—Licenses Concealed

ST. JOSEPH, Mo., April 23.—Fourteen girl brides and 14 young bridegrooms of the House of David, Benjamin Purnell's religious colony, were subpoenaed at noon today to appear before Judge Harry Dugan and tell why they suddenly decided to get married in two big group weddings held on successive nights last week.

Judge Dugan, appointed to investigate charges that the girls of King Benjamin's House of David were seduced by him, and that the 28-year-old cult leader with his long beard was not a prophet but a shrewd, worldly man, is now trying to determine whether someone suggested the sudden marriage of the girls of Purnell's house.

Besides the 14 brides and 14 grooms, Judge Dugan also has summoned for Warren, deputy county clerk, who was called to his office at noon last week to issue the marriage licenses. The licenses were concealed for two days and the judge wants to know who suggested that they be suppressed.

Order Providing for Sale of Mileage Tickets at 20 P. C. Price Reduction Blocked

Restraining Order Issued After Hearing on Petition of 50 Eastern Railroads

BOSTON, April 23.—A permanent injunction restraining the Interstate commerce commission from carrying out its recent order providing for the sale of non-transferable and interchangeable mileage tickets at a 20 per cent price reduction, was issued today by Judges Mack, Brewster and Morris in the federal district court.

The injunction order was issued after a hearing on a petition of 50 eastern railroads opposed to the interstate commerce commission ruling.

While the case was brought before the court on a petition for a temporary injunction, and a motion of the United States to dismiss, it was agreed during the argument that the cases should be deemed submitted for a final hearing. The suit was to annul the Interstate

## PILOT DEAD IN BOAT

Lone Occupant of Motor Craft Believed to Have Been Murdered

NEW YORK, April 23.—The motor boat "Trotter," carrying a dead man, was found in the Hudson river today, after being discovered by a fisherman. The man, who was found in the motor boat, was believed to have been murdered.

## ALIENATION OF AFFECTIONS CASE COMES TO ABRUPT END IN SUPERIOR COURT HERE

With Afternoon Session Ready to Begin Counsel for Plaintiff Accepts Settlement Offer of \$7000—Case Was Brought by Widow of John Windsor Against Mrs. Christina M. Whittier of Lowell

The action of tort, alleging alienation of affections, brought by Mrs. Ann Windsor of England against Mrs. Christina M. Whittier of Lowell, which had a minimum of \$20,000, was settled out of court at 2:30 o'clock this afternoon, when Parley & Tierney, counsel for the plaintiff, accepted a cash offer of \$7,000 from Haven G. Hill and Raymond J. Lavelle, representing the defendant.

A preliminary offer for \$5,000 was refused and arrangements were made to continue the case, but a second offer of \$7,000 followed and after conference with Mrs. Windsor, it was accepted.

The case was to trial before a jury in superior court here last Thursday and the prosecution had not finished putting in its case when settlement was reached.

The action was brought by Mrs. Windsor soon after her arrival in this country from Cheshire, Lancashire, England, last May. Her husband, John Windsor, had died at the home of Mrs. Whittier in January, 1920.

After giving her consent to the action, Mrs. Windsor said she will not return to England, but will continue to make her home in Lowell, with her two children.

Testimony to the effect that Mrs. Whittier had told him that John Windsor "had been just like a husband to her in every respect" and

## France Issues Warlike Warning

PARIS, April 23.—(By the Associated Press.)—A warlike warning is given Turkey today in the semi-official newspaper Le Temps. It has been practically established, the newspaper says, that the Turks have mobilized several battalions of infantry and some artillery near the border of French Syria. "On the day the French flag is attacked or placed in danger of attack, those who have known the French as tolerant and conciliatory will no longer recognize our country," it declares.

## To Use Airplanes in War on Rum-Runners

NEW YORK, April 23.—Patric Canfield, federal prohibition director for New York state who personally inspected the Jersey rum fleet last week, today recommended to Federal Commissioner Haynes that airplanes be used to locate runners, that the coast guard service be ordered to wage war on smugglers and that dry forces ashore be substantially increased.

## Police Break Up Marathon Dancers

WASHINGTON, April 23.—Police interference was necessary today to stop the feet of the last two survivors of Washington's dance Marathon, who after a mysterious disappearance during the night came back to a dance hall here and announced they were continuing unbroken the performance they began last Wednesday night. When the police broke in the dance the couple declared they were completing their 108th hour and had made a new world's record.

## SEN. LA FOLLETTE TO HIGH SCHOOL REGIMENT

TRAIL PRES. HARDING Exhibition Drill at Noon Today—Guests Welcomed by Principal Harris

AN exhibition drill was given by the high school regiment at 12:15 today, with Col. Frank C. Bolles, commandant of the C.M.T.C., at Camp Devens, this summer, and also commanding officer of the 25th division, organized reserves; Major J. J. Tinsley, executive officer of the organized reserves in Lowell, Col. to take a brief vacation before the Alexander Trunk, Jr., U.S.A., Joseph A. Moley, commander of the Lowell Textile school, and Superintendent of Schools Hugh J. Malloy as honored guests.

The guests were escorted to the drill shed by the officers of the regiment and after a selection by the band, James M.

CUT PRICE OF OIL  
INDEPENDENCE, Kan., April 23.—The Frank Oil & Gas Co. today announced a reduction of 10 cents a barrel in the price of Mid-continent crude oil.

# 'Twas Not Like This In The Olden Days

PONCA CITY, Okla., April 23.—When Emmett Thompson, 29, Kaw Indian maiden and relative of the chief, to say "yes" he didn't tell her to jump on his pony behind him and ride off across the plains to his wigwam. Instead, he invited his bride-to-be to step into his new \$10,000 motor car and start on an automobile honeymoon throughout the country before settling down in a luxurious home near the tribal lands here.

Because Thompson, even though he's not yet of age, is an old hand. Not so long ago he was only the possessor of a meagre, barren plot of land. His Indian brothers told him he was foolish to hold it.

"It's the land of our fathers," said Thompson, "and I'm going to keep it." Maybe the spirits of his fathers heard that and wanted to reward the young brave. Anyway, oil was struck on the land and now Thompson's a millionaire.

Right away quick he foot-footed it to the wigwam—rather, to the home of his sweetheart, cousin of the tribe's assistant chief and a member of the Indian aristocracy.

"Sure and heap much glad," she said in answer to his question. So now they're married.

MR. AND MRS. EMMETT THOMPSON

RECTOR OF A MEAGRE, barren plot of land. His Indian brothers told him he was foolish to hold it.

"It's the land of our fathers," said Thompson, "and I'm going to keep it." Maybe the spirits of his fathers heard that and wanted to reward the young brave. Anyway, oil was struck on the land and now Thompson's a millionaire.

## POPULAR PASTOR ADDS HIS PRAISE FOR NEW REMEDY

Has Wide Circle of Friends in This Section Who Will Be Glad to Hear of His Improvement

A Special Representative From the Drexel Laboratory Has Headquarters at Green's Drug Store. Call to See Him. Free Samples Given

The best and most substantial evidence in every city where Drexel is introduced, is that it cures and gives relief to those who are afflicted with rheumatism, sciatica, neuralgia, and all other forms of nerve pain. In Jamestown, a few days ago, the following testimonial was made public:

REV. J. H. HARMON

"I was taken with an attack of acid stomach so that I could not keep anything in the way of solid food on my stomach," said Rev. J. H. Harmon of Jamestown, N. Y. "I have tried one bottle of Drexel and have obtained wonderful relief and now eat meat anything I want."

"I felt so weak I could not walk any distance with the least effort. I had indigestion pains in my knees and back. My kidneys were out of order and I went to Rochester for examination."

"I can say that Drexel has benefited me very much. I have more strength and the rheumatic pains are better. I shall be glad to recommend Drexel to all my friends."

Drexel is by no means a cure-all. It is a careful combination of food, herbs, barks and leaves blended together in the proper proportion with the design to relieve ailments arising from defective digestion, constipation, weak kidneys, sluggish liver and blood disorders. Its success is proved by the daily testimonials of people who have given it a fair trial and received prompt benefits.

Go today to Green's Drug Store, 3 Kearney Ave., and for Mr. Prebble, the well known Drexel expert and he will courteously explain the merits of this great remedy. There is no charge and he will tell you if he believes Drexel will benefit you.

## SUNDAY SERVICES IN THE CATHOLIC CHURCHES—OPENING AND CLOSING OF MISSIONS

The closing exercises of the men's mission in St. Peter's church, the opening of the women's mission in St. Margaret's and the beginning of the devotionals to St. Rita in St. Columba's, featured the services in the local Catholic churches yesterday.

Beautiful and impressive were the St. Rita devotionals in St. Columba's last evening. A powerful sermon, encouraging such devotion to the fast, and disclosing the many and marvelous favors granted through her intercession in St. Philip's church, Boston, was preached by Rev. Richard P. Powers of that city. The church was crowded to the doors when the services began with a selected musical program and closed with the veneration of a relic of St. Rita and solemn benediction of the blessed sacrament. Rev. Richard P. Powers was celebrant, and he was assisted by Rev. John J. Powers, pastor, as deacon and Rev. James M. Somers as sub-deacon. Similar devotionals will be held next Sunday and succeeding Sundays at 7:30 p. m. until further notice.

The musical program last night was as follows:

Viola Selection  
Angela O'Brien  
Solo, Violin  
Charles McQuillan  
Sermon  
Rev. Richard P. Powers of St. Philip's church, Boston  
Solo, Organist  
Miss Nellie Lynch  
Viola selection, Tatum Organ  
Angela O'Brien  
Hymn  
Veneration of the relic of St. Rita  
Miss Catherine Whaley, organist.

For the first time in several years the census of the parish is being taken this week by Fathers Powers and Somers. Announcement to this effect was made some time ago, but the actual work of census-taking did not begin until today. It was announced at all the masses yesterday that the masses on next Sunday will be at 7, 8, 10 and 11 o'clock. The solemnity of the blessed Virgin will meet tomorrow evening at 7:30 o'clock.

A most successful men's mission in St. Peter's church was brought to a close yesterday afternoon at 5 o'clock. The usual closing exercises were held, including the renewal of baptismal vows, bestowal of the panel blessing, sermon, rosary and benediction of the blessed sacrament. Rev. Dr. James officiated. This mission was one of the most successful held in years. The Passionist Fathers proved to be powerful preachers, and those who heard them once wanted to hear them as often as possible. Services during the week were crowded and in many cases both the upper and lower churches were filled at the same time by large congregations.

The novena to St. Anthony, which began so auspiciously in St. Patrick's church last Tuesday, will be continued tomorrow and on successive Tuesdays until the feast of St. Anthony when it will be brought to a close with appropriate exercises. Mass tomorrow will be celebrated at 6:30 o'clock while in the evening at 7:30 special devotionals in honor of the saint will be held. Large congregations attended the

opening exercises last week and it is hoped that the remaining days designated for the novena will meet with the same success. Holy hour services will be held Friday evening at 7:30.

The opening attendance at the annual women's mission in St. Margaret's church last evening was indeed gratifying to the J. H. Doherty, O.M.I., and Rev. J. J. Sullivan, O.M.I. Mission masses will be celebrated each morning at 6:30 and 8 o'clock, while evening devotionals will be held at 7:30. Next week will be devoted to the men.

The senior branch of the Children of Mary received communion in a body at the 6 o'clock mass in the immaculate Conception church yesterday. Meetings of the Propagation of the Faith society and the League of the Sacred Heart were held last evening following the usual Sunday night services.

The Children of Mary sodality of the Sacred Heart church will meet this evening at 7:30 o'clock.

The Dominican fathers will open a mission for women in St. Michael's church next Sunday evening. The following week will be devoted to men. Holy hour will be observed next Friday evening at 7:30.

The feast of St. Joseph's was observed with a special musical program at the parish mass at St. Joseph's church yesterday morning. The same elaborate program, which was given Easter Sunday, was repeated under the direction of Telephore Mulo with Miss Lena B. Camire presiding at the organ. The celebration of the feast of St. Joseph, which was on the life of St. Joseph, was delivered by Rev. L. A. Nolin, O.M.I.

At all the masses at Notre Dame de Lourdes church yesterday the pastor, Rev. Guillaume Guellette, O.M.I., announced that a large and modern school building will soon be erected on the new site recently purchased by the parish at the junction of Middlesex and Wilder streets. At the 7:30 o'clock mass the members of the Zouaves received communion in a body.

The monthly communion for the members of St. Anne's sodality took place at the 7:30 o'clock mass at St. Jean Baptiste church yesterday morning. At all the masses the parishioners were urged to attend the display and sale of the work of the blind, which will be held at Liberty hall, Wednesday of this week.

Rev. Charles Denzot, O.M.I., announced at all the masses at St. Jeanne d'Arc church yesterday that the drive for the \$10,000 improvement fund for the parish, netted the sum of \$1212 last Sunday. The second series of envelopes in connection with the drive were taken up yesterday. At the early masses the members of the Children of Mary sodality and the Angel Guardian sodality received communion in a body.

## REPORT OF DEATHS

STEPHEN FLANN, Clerk.

## HOOD HERD OF JERSEY SOLD AT AUCTION

The Hood herd of Jersey cattle, sold at auction at the farm in North Tewksbury on Saturday, brought \$74,000, or an average of \$740 a head, sold of approximately 100 a head. William R. Freeman, of Lowell, N. Y., and the top price at the sale when he bought Saddle 12th Viceroy for \$12,000. He also paid \$3500 for a four-year-old cow.

The sale was attended by prominent cattle men and breeders from all over the country and from many points in Canada. Edward C. Lussier of Texas, owner of a cattle ranch of half a million acres was an active bidder and with Mr. Freeman was one of the most extensive purchasers. Thomas Burke was the only Lowell man to buy. He bid in Saddle's Princess for \$2500. Other heavy purchasers included Russell H. Anderson of West Andover, Colby Mrs. H. L. Hudson of Amherst, L. L. Mason of Hatfield

## Jack Daw's Adventures. Chapter 3

The old man chuckled merrily. "Why sonny," said he, "there is plenty of excitement everywhere if you know how to find it." And then he laughed some more and his bushy white beard bobbed up and down as his head teetered back and forth. Happy, dancing eyes made his tan face seem more than friendly.

This spirit of laughter and cheerfulness thrilled Jack. And yet he couldn't understand what pleasure this old man got out of life. "What excitement can there possibly be in carrying that queer-looking basket around?" he asked. No sooner said than the old man brought forth a black silk cloth.

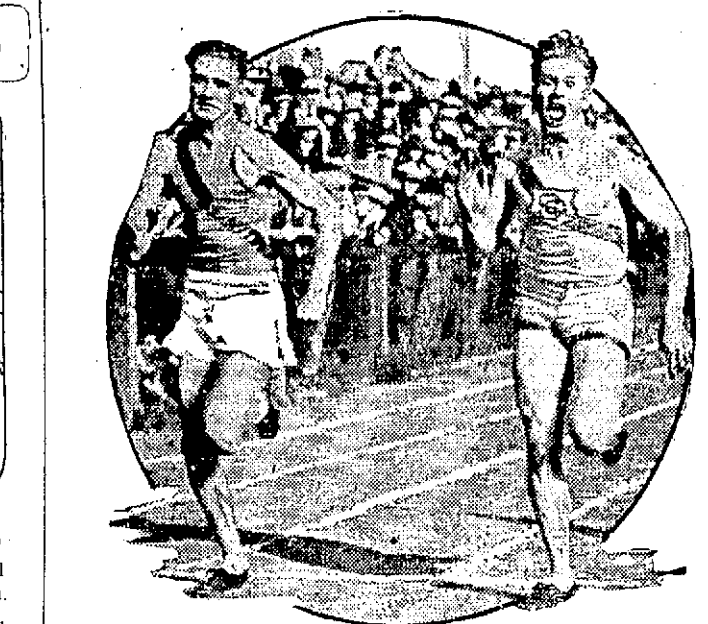

"Now, here is a bit of excitement for you," he shouted. And in an instant the cloth was waved over a pile of leaves and tossed into the air. And right where the cloth had been appeared a little scamp up and barked sharply and the bunny scampered away. (Continued.)

of Concord, Mass.; V. E. Wilson of Del. N. Y.; Walter C. Baylies of Taunton; C. H. Fuller of Attleboro; Florence L. Behring of Youngstown, Ohio; Dr. W. E. Miller of Abington, Ill.; Fred L. Dornpholz of Belcher, Iowa, and the Producers Dairy Co. of Brackton. Other buyers came from Tennessee, Iowa, Indiana, Virginia, New Hampshire, Maine, Kentucky and Vermont.

Mill remnants of 36-inch White Madras; regular 39c value	— At — 25c Yd.

## It Will Pay You to Get THE SUN Classified Ad Habit

## MARION MARTIN'S ESSAY IN RECENT CONTEST

Below is Miss Marion Martin's answer to the question of the chamber of commerce essay contest, "How Can We Make Our Streets Safe For School Children?" Miss Martin is a student of the Immaculate Conception school and won the gold Everharp pennant given by the chamber for the best essay in the school. Miss Martin's essay:

The Lowell chamber of commerce through its agitation for essays on the Streets Safe for School Children, will render a great service not only for the welfare of the children, but also for the public at large. For when one stops to reason is it not children who make our streets unsafe? I think the title should read, "How Can We Compel Our Children to Act With Safety on Our Streets?" This can be done by bringing to their attention the causes and remedies for the most tragic accidents and deaths which occur from lack of obedience. If children were only punished for breaking the law of discipline on the streets as they are for breaking similar rules in classrooms and corridors fear of

## NEW VIGOR FOR WORN-OUT WOMEN

ARE you suffering from "spring fever"—hardly able to drag one foot after another, and dull, sleepy, languid and worn out? You ought to take Gude's Pepto-Mangan for a short time. Get a bottle and begin now—you'll be surprised to see how much stronger and more ambitious you feel—how much more work you can do, how your cheeks fill out and the rosy color comes back.

Your druggist has Gude's—in both liquid and tablet form.

**Gude's  
Pepto-Mangan**  
Tonic and Blood Enricher

punishment would make them more careful.

Older pupils should be appointed to act as traffic officers to guide younger and disabled children across the streets, insisting that they keep the sidewalks until they reach their homes.

Children who insist on jay walking should be punished by law. If they would always use street crossings and remember to look to the left instead of the right on streets where traffic is progressing in both directions many accidents would be averted. Jumping on ice carts, stealing rides on electric cars, catching on behind, and playing all children's games in the streets should be made a criminal offense.

I would suggest that all street crossings be marked with durable white paint from sidewalk to sidewalk. When these crossings are located near schools there should be a flag of warning hanging overhead in the middle of the street at least one hundred feet (100) from the crossing. Drivers of all vehicles will see it in time to slow down and watch out for school children. This would be an improvement over the signs that are now on posts on the side of the streets, which I think many drivers never see.

Parents should co-operate with the teachers and imprint on the minds of their children the dangers ensuing from their failure to make use of the Safety First lessons taught them in their classrooms.

If every child would adopt as their slogan these three small words, "Stop! Look! and Listen!" then our streets would be more safe for school children.

## ELECTION OF OFFICERS BY THE C. Y. M. L.

At the annual election of officers of the C.Y.M.L. yesterday, Harold F. Sullivan was elected president for the ensuing year. The polls were open from 2 to 10 p. m. The Australian ballot system being used. Other officers chosen were as follows: Vice president, James O'Brien; treasurer, John Murphy; secretary, John O'Connor; literary board, Raymond O'Brien, James Saunders and Udon O'Neil; John McGuinness was chairman of the voting committee.

## EXCELLENT CONCERT BY SANCTUARY CHOIR

In Associate hall last night, the annual concert of St. Patrick's sanctuary choir, under the direction of Mrs. Clarence of the Xavierian order, was given before a large audience of parishioners and music lovers from practically every section of the city. The program consisted of 13 numbers, which were rendered in very pleasing style by the young vocalists. A feature of the program were the solo numbers by John Scully, one of the youngest members of the choir, who was accorded several times after his masterly rendition of "Mother Machree."

The complete program was as follows: Overture, Redding's Orchestra; Unfold Ye Portals; Awake! It Is the Day, Barbour; For You Alone, Henry E. Geehl; Instrumental Quartet of Popular Airs; The Beklund Sisters; Duet, Pretty Little Cinderella, Cowen; Miss Florence Hagare and Miss Sadie Sheehan; Love Sends a Little Gift of Roses, John O'Connell; Raymond J. Kelly; In An Old Fashioned Town, W. H. Squire; Mrs. Nano G. Leahy; Mother Machree, L. J. Young; Master Leo F. Scully; It's Up to You, Man, H. Squire; James E. Donnelly; Gunned Down; Andrew McCarthy; Praise Ye the Father, St. Patrick's Sanctuary choir. Accompanist, Francis Redding.

## ANOTHER FIRE AT HANSON'S STABLE

A slight fire broke out in Hanson's stable at 51 Channing street at about 4 o'clock Saturday afternoon, causing considerable smoke and leading many to believe that the stable was doomed. Captain Charles H. Hanson's pet horse, "Paul" veteran of several fires, was again in danger of burning but was taken out of his stall after being considerably injured. About 25 other horses were also taken from their stalls. The fire was confined to the rear corner of the barn where it started and did but little damage.

## CITIZENS' MILITARY TRAINING CAMP

George O. Robertson, of 82 Prescott street, is handling the local end of a campaign to recruit Lowell boys for the Citizens' Military Training camp at Camp Devens, which will open on August 1 and continue through the month.

Colonel Frank C. Bolles, chief of staff of the 94th division, Organized Reserves, will be commander of the camp, and he will be assisted by a number of officers and men who have had considerable experience in training men for army service. The age limits for this camp are 17 to 24, and the camp is open to men who have had training as well as to those who have not, being split up into four distinct courses ranging from rookies learning the fundamentals of military life, to men desirous of taking the examination for commissions.

The camp has achieved a reputation for its lack of sickness and also for its cleanliness. The men, in addition to receiving military training, receive physical training from experts in each branch. The recreational activities are under the supervision of a corps of chaplains and hostesses who are in charge of the pupils whenever they are not under command of their regular officers.

Four Lowell boys and one Billerica boy have already signed up for training at this camp. They are John J. Brennan, 31 Hampshire street; James M. Burns, 545 Rogers street; Frank E. Hobson, 135 Hollywood avenue; of Lowell, and Charles A. Runklett, Jr., of Concord road, Billerica.

## SERIES OF LECTURES Free Lecture Course on Applied Psychology Beginning Tomorrow Night in Colonial Hall

Frank D. Stanton will commence his five free lectures on Applied Psychology at Colonial hall, tomorrow evening at eight o'clock. His subject will be—Applied Psychology—its fundamentals—what it means to you. Cause and the cure of mental disease.

**FLYING AMBULANCE**  
PARIS, April 22.—When an invalid became ill here and needed to be transported to her physician in England, an airplane ambulance was quickly rigged up as a flying ambulance and rushed the patient cross the channel. She will recover.

## IRON MINES PREPARE FOR BUSY SUMMER

IRON MINE, Minn., April 23.—The Oliver Iron Mining Co. are producing sub-surface of the United States Steel corporation, and owner and operator of 40 per cent of the ore properties in the Lake Superior district, the world's greatest ore beds, will open no new mines in 1923, according to an announcement by John E. McLean, general manager.

All of its forces will be centered on developing the previous established properties to meet what is expected to be a smart demand for the iron mine. Mr. McLean said.

This no definite word was available from the various districts pending the shipment of the actual program. The Mesaba's announcement of the actual program of production for the season, Mr. Mc-

Lean declared that the Oliver's entire force of approximately 11,000 men would be working full shifts this summer. He thought it probable that a thousand or more men might be added during the busiest part of the season.

Independent operators in the district report similar activity in advance of the opening of the shipping season next month.

The Mesaba range, the largest and oldest in the district, is the center of the Oliver's properties. The Oliver company moved 13,958,428 tons from its 23 mines, which was 56.8 per cent of the total production for the Mesaba last year. In 1921 the Oliver moved approximately 70 per cent of the ore from the various districts.

from the district in 1922. This was an increase for the Mesaba of 51 per cent over the preceding year.

**LETTERS IN DEATH PLOT**  
BERLIN, April 23.—More than 500 letters are being read in court here as evidence in the murder trial of Frau Hippo and Frau Klein, young women charged with poisoning their husbands. In their letters they reveal intimate details of the alleged death plot, says the prosecutor.

# FOREST FIRE BURNS OVER 500 ACRES OF LAND IN GILSON HILL DISTRICT IN BILLERICA

## Thousands of Spectators Watch Fire Leap From Place to Place—Firemen Driven Back From Flame—Swept Hill—Farm Buildings Endangered—Three Alarms Sent in—Fire Put Under Control About Midnight

One of the most threatening forest fires in recent years burned over 500 acres of land in the Gilson Hill district in the western section of Billerica yesterday afternoon, and evening, and it was only the gallant work of the Billerica fire department, aided by hundreds of spectators, that finally put the fire under control at 11:30 last night.

The first alarm for the fire came in at 12:15 yesterday afternoon, and as soon as the alarm was received at the fire chief's headquarters, two more alarms, calling out every piece of apparatus in Billerica. The fight during the first four hours of the battle was a losing one, as the flames, which it was thought the fire could not jump, but the flames went over the lines as it were, were not checked at all in their way. The first sweep up the hill, taking everything in its path, and it was not until it started down the hill, rather on that it was brought under control.

When the flames were at their highest point on the top of Gilson Hill, a Ford fire truck, manned by ten or twelve stalwart firemen, endeavored to go to the top of the hill. Half way up the hill the Ford was met by the flames and only slowly went on the part of the driver in backing the car over a rough road, saved the truck. Thousands of spectators had gathered, and the chase of the machine, facing its way up the steep hill, attracted their attention and won admiring plaudits for the firemen. For a time it seemed as though the machine was cut off by the flames, and the onlookers held their breath, hoping against hope that the machine and its occupants would be saved. At last they saw the truck backing down the hill at a high rate of speed and a cheer of encouragement and relief went up from the crowd.

Three groups of farm buildings were endangered by the flames and it was only the heroic work of the firemen, who, in the heat of the day, remained at their posts and kept a continuous stream of water on the buildings that saved them. Hundreds of spectators aided the firemen wherever possible.

The fire jumped across Treble Cove road and burned over a considerable area of brush woods before the progress was checked. One of the houses threatened at this point was that occupied by Frank Phillips on a knoll on the east side of Treble Cove road and near the base of Gilson Hill. But for the fact that firemen assisted by Mr. Phillips and three friends kept pouring chemical water on the house, barn and garage, the entire building would have been laid in ashes. The fence posts in front of the house caught fire. The smoke could be seen for miles and many automobiles tried to get to the fire and were only held back by the lines of hose which crossed and recrossed the auto roads. The more anxious the spectators, the more anxious the firemen. The firemen, on foot, and many of those took part in the fight against the flames.

By night it was seen that the fire was under control, and most of the spectators returned to their homes, but the firemen and their assistants stayed until 11:30 before the chief gave the word and the hose was rolled up and fire-fighting tools once more piled on board the truck and the Billerica fire department and the men who aided them were given great praise by the onlookers for putting up such a gallant fight against odds that seemed unbeatable. Chief Bartlett had the greatest confidence in his men, however, and refrained from calling on any of the surrounding towns for assistance.

### \$2.50 Per Day and upward

is one reason for the rapidly growing popularity of the Hotel Martinique.

Another is the consistent economy of the entire establishment. Here you may enjoy a Club Breakfast at 45c., consisting of Fruit or Cereal, Bacon and Eggs, and Rolls and Coffee—Special Luncheon and Dinners of superior quality are also served at the most moderate possible prices.

No location can be possibly more convenient than that of the Martinique. One block from the Pennsylvania Station (via enclosed subway)—Nine blocks from Grand Central—one block from the greatest and best Shows of the City—half a dozen blocks from the Opera and the leading Theatres—and directly connected with the Subway to any part of the City you wish to reach.

# Radio

## BROADCASTING STATION TO ADOPT TIME AND WAVE LENGTH SCHEDULES

Local WQAS Station Conforms With Recent Ruling by Secretary Hoover

In line with the recent ruling of Secretary Hoover concerning wave lengths, WQAS, which is changing its wave length over from 350 meters to 250, the lowest which is allocated to broadcasters. They are also putting in a 10 watt transmitter tube in place of the 15 watt tube formerly used. This will add greatly to the sending power of the station and will multiply its sending distance a great many times.

Under the recent ruling by Secretary Hoover, broadcasting stations shall use wave lengths from 250 meters to 550 and no two stations close together will have the same wave length. This is the first real step that has been taken to eliminate interference caused by having all the stations on wave lengths that are almost identical. The stations all must be changed over by May 15, but many of the stations are already changed over and are operating on their new lengths. WQAS, Shepherd street, Boston, went on a 250 meter wave length last week and many other stations at more distant points have done likewise.

This new broadcasting range is a great boon to the owner of small, not very selective, sets, as it will cut down interference to a minimum. The owners of the stations are likewise pleased with the idea, as it will allow them to send all they please, regardless of the needs of other stations. Under the present system, if two stations are located near each other, they are compelled to alternate sending, or else neither would be heard satisfactorily.

## Radio Broadcasts

- STATION WQAS, BOSTON.**  
4-430 p. m.—Three Hundred Years of American Music. Miss Doris Gerald, Organist, accompanist.

WELL, GIRLS, GLAD TO SEE YOUR BACK! Time to pull that old wheeze since the annual epidemic of "perfect back" contests has started. Philadelphia is first affected with it this year. Here are two leaders in the contest, Miss Billie Van Dyke (left) and Miss Jackie Green.

## SHERIFF HALTS JAIL BREAK

Two Bullets From Pistol of Officer Frustrates Attempt of Two to Escape One of the Prisoners is Dead and the Other Back in Cell, Suffering From Wound

LANCASTER, Ohio, April 23.—Two bullets from the pistol of Sheriff Charles Sperry frustrated the attempt of two prisoners to escape from the jail here last night.

One of the men, Trafford Blizard, 28, an ex-convict, is dead and Troy Blizard, 25, is back in his cell suffering from a bullet wound in the shoulder. Both were indicted for robbery.

Blizard attacked the sheriff as he passed in a corridor of the jail, hitting him with his fists. Blizard, the sheriff said, then slipped up from behind and struck him over the head with a milk bottle. As the sheriff fell to the floor, the pair dashed for the jail office. As they reached an outside door, the sheriff fired and they fell into the street, one dead and the other wounded.

The men had been working as trustees about the prison.

To keep Lancaster's great loyal cardinals in order, 1000 cardinals and laborers are employed.

## DEPT. OF JUSTICE AIDES TESTIFY AT TRIAL

ST. JOSEPH, Mich., April 23.—(By the Associated Press.) Two other department of justice aides and Francis Morrow, who as Agent K-97, attended the failed communist party convention near here last August, were summoned as witnesses today in the trial of Chas. E. Hadden, charged with violation of Michigan's criminal syndication law.

Morrow, regarded by the state as its star witness, previously related part of his story at the trial of William Z. Foster, of Chicago. His testimony in the present trial is expected to be more voluminous.

## Trial of Most Rev. Dr. Tikhon Postponed

MOSCOW, April 23.—(By the Associated Press.) The trial of the Most Rev. Dr. Tikhon, former patriarch of All Russia, on a charge of treason and hindering the carrying out of soviet orders, has again been postponed, this time indefinitely. The trial had been set to begin here tomorrow.

# BRIDAL VEIL FLOUR

It isn't luck or the "know how" that makes your neighbor's loaves of bread look so much more tempting and palatable than your own. IT'S BRIDAL VEIL FLOUR.

Eliminate all doubt and uncertainty by using this all wheat flour. It has met the test of superiority applied by discriminating housewives for over half a century.

## WOMAN AND FOUR MEN RESCUED

Passengers and Crew of Seaplane Forced Down to Water Off Coney Island

Picked up By Marine Police After Sixth Member of Party Swam Ashore For Aid

Five Were Rescued After They Had Given Up Hope of Succor

NEW YORK, April 22.—Four men and a woman, passengers and crew of a seaplane forced down to the waters off Coney Island last night, were rescued by the marine police after a sixth member of the party, Robert Dwyer, owner of the flying ship, swam 100 yards to shore and summoned aid.

The five were rescued after they had given up hope of succor, the seaplane having drifted about for more than an hour before it picked up the disabled crew, which was dragging its anchor and floating helplessly about the piers. Second waves had washed over the frail plane, threatening momentarily to sweep the weary passengers overboard.

The seaplane, the PL-1, left Long Beach, Calif., in company with the PL-2, at 1:15 Sunday morning, north-bound. The two planes are the property of the United Air Line, owned by Dwyer, and a nephew of the late Admiral Dewey. The PL-1, piloted by Edward H. Dwyer, of Washington, who was a member of the transatlantic flight of the never No. 1, kept the PL-2 on sight until they reached Atlantic City, where a landing was made. The PL-2, piloted by Dwyer, shortly after 8 o'clock last evening, landed for the night at Coney Island.

A person used to aircraft was alone about the PL-1, however, it functioned badly after Atlantic City was left behind, and the PL-2 rapidly drew away. Dwyer, in company with the route, skimming the sea, following the PL-2, was well over 100 miles when the plane was forced down a considerable distance off Coney Island. Wind and waves sent it gradually toward the shore, and finally Dwyer, one of the passengers, slid over the side and swam to shore to summon police aid.

The woman passenger was Mrs. M. J. Dwyer, of Detroit. J. Robert Dwyer, son of New York, and two mechanics were the others aboard.

## ELECTRIC CAR DERAILLED

Service on the Whittenville car line was tied up for about an hour yesterday afternoon when a car left the track near the Whittenville turnout. It was necessary to call the wrecker to free the car, and it took half an hour to get the car back on the rails and service resumed.

**Curzon's Speech Creates New Situation**

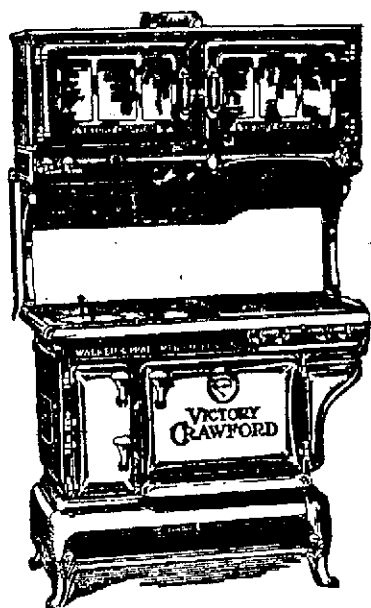

BERLIN, April 23.—(By the Associated Press)—Dr. Gustave Stresemann, leader of the People's party, told a public gathering here yesterday that Lord Curzon's speech in the house of lords last Friday had created a new political situation which the German government would take at its proper value. What Lord Curzon said about a settlement of the reparations question, he asserted, formed a suitable basis for a continuation of inter-allied discussion.

**Was Twice Awarded Congressional Medal**

DENVER, Colo., April 23.—Major General Frank D. Baldwin, retired, former adjutant general of the state of Colorado, and said to be the only man in the United States twice awarded the Congressional Medal of Honor, died at his home here last night. He was 81 years old.

**Girl Not Yet Returned to Associates**

LONDON, April 23.—Although all doubts as to the safety of Molly Ellis have been removed, the 15-year-old girl who was recently kidnapped by Afghan tribesmen in the Punjab has not yet returned to British-controlled territory, so far as latest dispatches report. Friends of the family in England received an official telegram assuring them that the girl was about to be restored to her associates and a message from Simla says that negotiations for her release are in progress.

**THERE IS NO REASON ON EARTH**

Why You Should Buy

Any Other  
Range than the **CRAWFORD**  
Either—

IN QUALITY  
IN STYLE  
IN CONVENIENCE  
IN ECONOMY  
IN PRICE

If you examine the Crawford Range and buy any other range afterwards you either

Have Forgotten:

The improvement we have shown you.  
The quality and smoothness of the castings.  
The beautiful designs.  
The convenience of the single damper, etc.

Or you are not comparing the same size range at a given price.

**YOU HAD BETTER COME BACK**

and refresh your memory. We will gladly show you the Crawford Range over again. A range is not an article you buy every day. It's for a lifetime and the Crawford is absolutely more convenient, is absolutely more economical in the coal, wood or gas consumed and, size for size, style for style, costs less than any of the half dozen ranges on the market that can be considered anywhere in its class. Because of the quantity sold we can afford to sell them at a smaller percentage of profit. That's the system of this store anyway. Small profit, small expenses and big volume of sales.

**ENTERTAINED ISOLATION  
HOSPITAL PATIENTS**

Forty members of the Broadway A. C. assisted by several of Lowell's leading entertainers, visited the isolation hospital yesterday afternoon and entertained the patients of the hospital with a variety of musical and dramatic performances. Every performer was given a splendid ovation by the patients and officials, who appreciated the visitation of the club members.

The chorus numbers were exceptionally well rendered by the club members. Dr. Forster H. Smith, superintendent of the hospital, and Mrs. Smith were very grateful for the afternoon of pleasure given by the visitors and their friends.

**CONDITIONS AND  
EVENTS IN EUROPE**

Rev. Stanley High, acting pastor of the Pawtucket Congregational church, gave a talk of exceptional interest at the regular church service last night on events and conditions in Europe as

**Suffered 20 Years From  
Bronchial Cough**

**Cured by Allen's Lung Healer**

The following letter from Mrs. C. C. Maxwell of Danville, Mo., speaks for itself:  
H. J. Allen Co., West Lynn, Mass.:  
Gentlemen—I am so enthusiastic about your Lung Healer that I want you to know what it has done for me. I had given up all hope of ever curing a cough that began 20 years ago. It was a hard, rasping cough that used to keep me awake four and five hours almost every night. My throat was parched and there seemed to be bunches in my throat.

Other medicines, even cod liver oil, had no more effect than water, but when I first took the Lung Healer it seemed to clear a path through the fullness in the throat and allay the irritation, as nothing else had ever done. After taking the first bottle I was wonderfully relieved and the bunches in my throat disappeared and I slept without coughing a bit.

After a few weeks I was rid of the cough and you may rest assured that life took on a rosy aspect to me after that. Today I have no lung trouble at all and I give the Lung Healer all the credit.

I have given it to my children at different times, with just as effective results. It is also a splendid body builder.

Yours gratefully,  
MRS. C. C. MAXWELL,  
Danville, Mo.

Allen's Lung Healer is sold in Lowell by A. W. Dows & Co., Sanborn, L. H. Brunelle, T. J. Campbell, Lowell Pharmacy, J. J. Brown, Wm. H. Noonan, T. C. Walker, Fred Howard, P. H. Butler, Adv.

He saw them while on a trip over there as correspondent of the Christian Science Monitor.

Rev. Mr. High spoke of the youth of Germany, of France, and of England, who in August, 1914, left school so that they might fight for an ideal and these ideals, as conditions today show, have not been realized. They must be realized, though. If the dead are not to have died in vain.

He told of the rivalry existing today between France and England, of the two billion land owners in France who desire their country to be supreme, and of the English who are fighting to retain control of the world's commerce, and to add her in this endeavor, desire to see Germany a paying country once more.

In regard to the French demand for an equal number of submarines as granted to Great Britain at the disarmament conference at Washington, he stated that this was for the protection of French colonies in the Mediterranean sea. That English colonies would have to travel around Cape Horn rather than through some of these colonies. He also said that France is jealous of England's hold on Gibraltar and is opposed to her getting control of the Barbary coast, much preferring that Turkey control it.

He told of the chaos reigning in Germany, a chaos that is getting more and more serious every day. In regard to the Germans, he said: "Upon close observation, I found two types of Germans. There is the man who is looking forward to a better day for Germany from a democratic viewpoint, and there is the man who still believes in militarism and is hoping for the day when it will be revived. This latter class is greatly in the majority and will continue thus until a change in the school system of ideas of Bismarck has been effected."

Rev. Mr. High also told of Germany's efforts to avoid the terms of the Versailles treaty and to avoid paying France for the damage she did during the war.

Before his lecture, Rev. Mr. High announced that next Sunday evening, the Chinese students of the Textile school will be the guests of the church and that special music will be given on the occasion in addition to a sermon on China by the acting minister.

**SUNDAY FIRES**

There were several minor fires yesterday. At 4:57 o'clock a telephone alarm was sent in for a slight blaze at a restaurant in Central street. At 5:10 o'clock a portion of the department was called to the rear of the power house of the Eastern Massachusetts Street Railway company in Middlesex street for a grass fire. Early in the evening a telephone alarm was sent in for a chimney fire at 78 Moore street and shortly before midnight a dump fire in Lafayette street was responsible for a telephone alarm.

**CLASS INITIATION BY  
LOWELL MOOSE**

A grand class initiation of new members into the Lowell lodge, 618, Loyal Order of Moose, was held in their quarters in Odd Fellows building yesterday afternoon before one of the most enthusiastic gatherings of recent years in Moose circles.

Hon. John Jacob Rogers, who became a life member, was chosen as the representative of the class of 75. Dictator Elmer G. Wiley presided and the degree work was in charge of Edward St. Leger. The supreme lodge was represented by District Supervisor Arthur W. Hayden, who congratulated Lowell lodge on her large membership and the fraternal spirit which is present in her lodge activities.

Congressman Rogers, speaking as representative of the class, spoke mainly along fraternal lines and stated that as long as organizations such as this flourished there was no fear for the future of the country. He also outlined world events of the near past and told how they affected the policy of this country.

William F. Thornton was the speaker of the day and spoke on "The Perfect Tribute," a patriotic story. The story, as told by Mr. Thornton, was followed with the greatest interest and was thoroughly enjoyed by the members of the lodge.

A short musical program was given during the afternoon by Joseph Wedge, Andrew A. Corcoran and Raymond Kelly, with Frank Lambert as accompanist. Councillor Joseph A. N. Chretien, a member of the lodge, also entertained with remarks.

**APPOINTMENTS TO  
NAVAL ACADEMY**

Four Lowell young men have received appointments to the United States Naval academy at Annapolis. They are Emmanuel Goyette, son of the late Thomas Goyette and a graduate of St. Joseph's college, Donald Hilton, son of Mrs. Edna Plummer of Pine street, a senior at the Lowell high school; Edward Martin, a high school senior and son of Mr. and Mrs. David P. Martin, of 125 Nesmith street, and Frederick Way, another high school senior and son of Mrs. Augusta C. Way, of 317 Westford street.

Hilton and Goyette are appointees of Congressman John Jacob Rogers. Martin is an appointee of Senator David I. Walsh and Way was named to enter the academy by Senator Henry Cabot Lodge.

**Rejects Bill Calling Turks of 25 to Marry**

CONSTANTINOPLE, April 23.—The Angora assembly has rejected the bill, introduced by the deputy for Erzerum, providing that all Turks aged 25 must marry and that each couple must have a child every three years. By this measure the deputy had hoped that the population of Asia Minor might be increased from 8,000,000 to 48,000,000.

**Viscountess Rhondda Sells Part of Estates**

CARDIFF, April 23.—Viscountess Rhondda, the only woman director of large coal fields in Wales and also the owner of vast estates in the principality, is disposing of part of her Monmouthshire properties. The occupying tenants have had the first opportunity to purchase and already have bought their holdings to the value of 90,000 pounds sterling.

**Fuel Shipments From the Ruhr**

PARIS, April 23.—Daily shipments of fuel from the Ruhr by the French have reached nearly 15,000 tons, according to official figures. On April 20, it is announced 9540 tons of coke and 5200 tons of coal were sent to France and Belgium.

**Bankers Gather for Annual Meeting**

RYE, N. H., April 23.—Bankers from all parts of the United States gathered here today, at the Westchester-Biltmore Country club to attend the annual spring meeting of the executive council, American Bankers' association. It is estimated that close to 300 are here for the meetings, at several of which prominent speakers will appear.

**Old Fashion Antiseptics  
Could Not Have Done This**

Zonite Clears Up Abscess in Child's Ear That Had  
Been Discharging Six Months

Imagine what the result would be if a strong solution of any of the poisonous burning antiseptics which we were forced to use in the past was placed in the ear of a child. The following letter from Mrs. J. E. Allen, 167 Belmont street, Everett, Mass., tells how she used Zonite, the World-war antiseptic, to overcome a severe abscess in the ear of her ten-year-old son.

"For the last six months my son, 10 years old, had a severe abscess in the left ear. It discharged constantly, the discharge giving off a disagreeable odor. I began syringing the ear with a teaspoonful of Zonite in half a glass of water three times a day.

"In about a week the discharge ceased entirely and his ear is now completely well. Of course I think Zonite is the most wonderful antiseptic that has ever been discovered."

Zonite is the form of antiseptic that healed the gaping wounds of war after all other germicides had failed. It is the only form of antiseptic that is both powerful and harmless, non-irritating, yet effective. Zonite, although more powerful than pure carbolic acid, can be used freely on the delicate membranes and tissues of the human body. It destroys germs instantly, then acts as an effective healing agent.—Adv.

**BOSTON LADIES' OUTFITTERS—"Store Ahead"****Ladies! A Sale That Will  
Make You Happy****475 HIGH GRADE  
SUITS**

Even though you thought you would have to pay a high price for a HIGH GRADE SUIT, you are going to get a pleasant surprise when you come to our great suit sale Tuesday and Wednesday and see the marvelous assortment of suits at our unusually low prices.

## THE WORK OF THE BLIND

Everything in Readiness for  
Two Days' Exhibit and  
Demonstration

Everything is ready for the two-day exhibit, demonstration and sale of the works of the blind to be held in Liberty hall, Memorial Auditorium, Tuesday and Wednesday, April 24 and 25, under the management of the Massachusetts department of education, division of the blind, and the auspices of many local organizations and individuals.

Tuesday the hours of exhibiting will be from 10 a. m. to 11 p. m. It is hoped and expected that hundreds of people who will attend the Hattowitsch concert in the Auditorium Tuesday night, and the Boston Symphony orchestra ensemble concert Wednesday night will go right in to Liberty hall afterwards and inspect the display.

The Rotary club has taken charge of decorating the tea room by working through a specially appointed committee under the chairmanship of Harry G. Pollard. Mr. Pollard and Clarence M. Weed, a member of his committee, visited Liberty hall yesterday morning and made definite plans for the arrangement of the tea room. Harvey Greene has kindly promised several palms for decoration purposes. A. H. Pollard company will provide the tea table; Cole's Inn will provide dishes and silverware.

Miss Eleanor Sutton of the Normal school and Miss Bramhall of the Girls' Vocational school will have charge of the tea room, with the assistance of the following Normal school girls: Anna Mulhoney, Marion Garvey, Marie Reynolds, Margaret Reynolds, Dorothy Sheehan, Agnes Noll, Barbara McAdams, Margaret Weed, Harriet Noonan, Katherine Rafter, Jessie Mc-

Donald, Eleanor Carmichael, Margaret Nugent, Anna Fay, Ester Fay. The following girls of the Normal school have made posters about the exhibit for display downtown: Edith Brantson, Gladys V. Putnam, Florence K. Hargrove, Ronald Gordon O'Hare, Lavonia Eaton, Florence F. Reynolds, Agnes Farrell, Rosella Kerr.

The work-hench to be used by one of the blind workmen is to be loaned by the boys' junior high school of the Varnum school.

During the afternoon of each day tea, coffee and sandwiches will be served in the tea room. During the evening ice cream and cake will be served. Mrs. Lena Whittier has arranged with various churches throughout the city for the donation of sandwiches, cake and other necessities for the tea room.

Miss Emma Robinson of the New England Telephone and Telegraph company has given Miss Rose E. Trainor of the division of the blind very valuable assistance here in Lowell in planning and arranging for the exhibit.

Committees as completed so far are as follows: Edward J. Conney, general chairman; Mrs. J. L. Evans, hospitality committee, chairman; Mrs. Geo. D. Hawley and Miss Annie J. Davis, sales committee; Miss Eleanor Sutton, chairman tea room committee; Edward W. Gallaher, publicity. On Wednesday the tea room will be in charge of a committee from the Varnum chapter, D.A.B. under the direction of Mrs. John K. Whittier and Mrs. Mabelle C. Jordan.

Organizations represented by individuals with sales assistants to be named later, to be in charge of tables during the exhibit, are as follows: Middlesex Women's club, Mrs. O. L. Humphrey; College club, Mrs. Samuel L. Thompson; Lowell Guild, Mrs. J. P. Owen; Lowell Teachers' organization, Miss Caroline Downey; Y.W.C.A., Mrs. Walter Muzzey; Y.M.C.A. Auxiliary, Miss Ella M. Benn; New England Telephone company, Miss Nellie P. Snow; Girls' City club, Miss Helen Ryan; Ladies of Charity, Mrs. James H. Carmichael; League of Pathfinders, Mrs. John A. Staudera; Educational club, Mrs. Elizabeth Lusk; American Legion, Mr. Horatio Leggat; Notre Dame Alumnae association, Miss Margie Marren.

# Congress Must Conserve Helium If U. S. Would Be Supreme In Air

BY HARRY HUNT.  
N.E.A. Staff Correspondent

WASHINGTON, April 22.—American supremacy in airship development will be insured if the next congress will follow recommendations that will be submitted covering the conservation of helium gas.

Estimating the "reasonable" requirements for helium within the next 25 years to be between 1,500,000,000 and 2,000,000,000 cubic feet, helium experts will urge immediate legislation for holding in the ground the natural gas in three large secret fields.

These fields have a gas of very large helium content. It allowed to be exploited commercially for ordinary gas uses they would be exhausted in four years.

A reserve of two billion cubic feet of this non-explosive gas, which has 22.5 per cent. of the lift of hydrogen, would be ample, aeronautical authorities state, for the maintenance for 25 years of a fleet of 15 or 16 of the largest dirigibles.

Experts at Work  
A board of helium engineers, appointed by the army and navy helium board but working with the facilities of the bureau of mines, has so perfected the process of helium extraction that not only is the volume extracted rapidly increasing but the cost per 1000 cubic feet is sharply reduced.

At the one helium plant now owned by the government, near Fort Worth, Tex., approximately 5,000,000 cubic feet of natural gas is being pro-

THE GOVERNMENT'S HUGE HELIUM PLANT NEAR FORT WORTH, TEX. BELOW, CAPTAIN E. S. LAND (LEFT), NAVY HELIUM EXPERT, AND LIEUTENANT COLONEL IRA E. FLETCHER (RIGHT), ARMY EXPERT.

cessed daily, yielding from 35,000 to 50,000 cubic feet of helium. Total production to date amounts to 4,000,000 cubic feet.

This is sufficient for the operation of the two great dirigibles nearing completion—the ZR-1 and ZR-2.

Cost of helium extraction, which has varied between \$50 and \$75 per 1000, may be cut in half or perhaps more by the more efficient methods now being worked out.

Cheap in Long Run  
Because helium may be purified and used over and over again, a cost of

\$10 to \$15 a thousand would make it less expensive than hydrogen in the long run.

Hydrogen, when it loses its purity, must be thrown away. It costs \$12 per 1000. Helium may be re-purified, at a cost of \$3 for 1000 cubic feet and used indefinitely. And with hydrogen, of course, there is always present the danger of explosions—costly both in life and money.

A helium re-purification plant is now being erected at Lakehurst, N. J., which will have a capacity of increasing all the gas in the ZR-1, for instance, in 100 hours.

Besides, a portable purification plant, occupying two railway cars, is being built. This plant, developed by the bureau of mines, will have a capacity of 1000 cubic feet an hour.

Purification is obtained by passing the gas through charcoal at the temperature of liquid air. Nitrogen and oxygen are removed and the pure helium remains.

The fact that the United States, with the single exception of Canada, is the only country possessing sources of helium supply, make steps for its conservation most imperative.

The whole question is now being intensively studied by the army and navy helium board, headed by Lieutenant Colonel Ira E. Fletcher of the army and Captain E. S. Land of the navy.

Tomorrow Hunt gives The Sun readers another story on America's expansion in the air.

## Danced 107 Hours and Two Minutes

DALLAS, Tex., April 23.—R. J. Newman, local athlete and World war veteran, quit the floor here at 3:52 o'clock this morning, having set a record of 107 hours and 2 minutes dancing. He was allowed a 15-minute rest period each four hours of his endurance test which started at 1:15 p. m., last Wednesday. Locally it was declared this set a new world's record.

There will be no increase in prices for this big attraction at the Merrimack Square. The other feature of the current program is "The Blacksmith," starring Buster Keaton in one of the funniest comedies of his screen career.

"Ninety and Nine," the great spectacular photoplay which depicts a delightful story of romance and human interest and is filled with thrilling scenes, opens a four-day program at the Rialto theatre this afternoon and from the present indications it looks as though the same record-breaking streak which greeted "The Third Alarm" will again be present.

The picture is one of the most sensational of the entire scene and not the least exciting is the great forest fire through which a train goes crashing with help. It has you gripped to the seat all the time.

Heal Skin Troubles With Cuticura  
If you are troubled with pimples, blackheads, redness, roughness, itching, and burning, which skin, Cuticura Soap and Ointment will do much to help you. Always include the Cuticura Talcum in your toilet preparations.

Dr. Edwards' Olive Tablets  
Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating the into natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of a healthy, stimulating, gripping cathartic are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver ailments, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c. Adv.

## Public Now Prefers Vegetable Laxatives

Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards.

As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; no need to take drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures," over-effective, weakening and griping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a liberal sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. H. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Burroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family uses it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous size bottle can be had at any drug store, and it costs only about a cent a dose!

THE best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable

TAKE DR. SYRUP PEPSIN  
CALDWELL'S  
The family laxative

LONDON, April 23.—Catherine Day, waitress, said in court yesterday that William, a chef, wooed her but proved inconstant. She got \$1000 for breach of promise.

## WEAK AND RUN-DOWN

Caught Cold After Cold  
Until She Took  
WINCARNIS

"I was very much run-down and feeling real miserable. I caught one cold after another. I was very nervous and irritable. Every little thing set my nerves on edge. My appetite was poor and I wasted down to almost nothing. I was pale and looked simply bloodless.

I decided to try Wincarnis and it certainly benefited me. I never took anything in my life I got so much good from. It is certainly very strengthening.

I shall always be glad to praise the merits of Wincarnis and if anyone wishes to write me personally I will be glad to answer all questions regarding what it has done for me."

(Mrs. Richard Ford, 15 Lincoln Ave., Cohasset, N. Y.)

ASPIRIN  
Say "Bayer" and Insist!

BAYER  
Genuine

Unless you see the name "Bayer" on packages or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and protected safe by millions for Colds, Headache, Toothache, Lumbago, Earache, Rheumatism, Neuralgia, Pain.

Accept only "Bayer" package which contains proper directions. Handy boxes of 12 tablets costs few cents. Drug-gists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monacettein-Gesellschaft of Ballefied-Aav.

BAD BREATH  
Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating the into natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of a healthy, stimulating, gripping cathartic are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver ailments, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c. Adv.

## INDIANS AND GIANTS LEAD

End of First Week of Major League Baseball Finds Many Surprises

Indians Score Five Consecutive Victories—Cubs Land Five in a Row

NEW YORK, April 23.—Major league baseball completed its first week yesterday finding the New York Giants leading the National league with six games won and one lost, while Cleveland was on top for the Americans with five straight victories.

The Giants celebrated their second successive shutout over Brooklyn in which five errors by the Dodgers contributed to their downfall. Starter Frankie Frisch aided with his big league with four singles out of five tries. Stengel connected with a circuitous sacrifice, and the Giants won their fifth consecutive game in a heavy hitting contest from the St. Louis Cardinals.

The Pittsburgh Pirates defeated the Cincinnati Reds in a free hitting affair. The Pirates scored two runs or more in each of the last four innings and the Reds were unable to stop the onslaught. Barnhart connected with a home run.

The Yankees lost their first game of the season to Washington and Walter Johnson, and had 60,000 customers in their new stadium. Babe Ruth went hitless and walked twice and an error by the Yankees contributed to the defeat. Scott of the Yankees hit out a four base hit.

A success play enabled the White Sox to win their first of the season at the expense of the St. Louis Browns. Willie Kamm, the 100,000 third baseman, helped the White Sox along with two hits.

## Do you know Baseball?

by Billy Evans

Questions

ONE—If the two captains are unable to agree on certain ground rules, what happens?

TWO—Can a batsman step out of the box after the pitcher has gotten into his position on the rubber to pitch?

THREE—With a runner on first, the batsman singles to right, and the runner on first tries for third. With two umpires working, who gives the decision at third?

FOUR—Is it necessary for a pitcher to throw the ball to third or second when he makes a felt to catch a runner at either of the two bases mentioned?

FIVE—Does the calling of a balk have any effect on the status of the batter? That is, can he go to first base in any situation which involves the calling of a balk?

Answers

ONE—The umpire makes the ground rule. If the two captains are unable to reach a decision.

TWO—He is not supposed to, but conditions often require that he should appeal to the umpire, who will always call time if the pitcher has not started his delivery.

THREE—The umpire working at the plate should give the decision at third.

FOUR—It is only necessary that a pitcher complete the throw to first, when he starts such an act. It is not necessary that he do so when making a felt to second or third.

FIVE—The calling of a balk in no way affects the status of the batsman. He can never go to first base on a called balk.

FINAL GAME IN CHAMPIONSHIP SERIES

The third and final game in the amateur baseball championship series between the Highland and the St. Patrick's will be played tonight in Associate ball. As both teams have one game on the card, the winner of the tonight's tilt will tell the deciding story. The first encounter was won by the A's over the B's with apparent ease, but the quarter came back strong in last week's affair and capped a victory.

Both teams feel confident of winning. The St. Patrick's have been practicing in C.A.M.L. while the Highland have been putting their finishing touches in at the V.M.C.A. The latter will probably have the services of the "Knights of Haverhill," the original section for a force, the game tonight will be handled by Hoyt, an efficient pitcher from Boston.

Under the rules the game tonight will be the same as in previous games.

Coming to tonight's game, the Highland will be the original section for a force, the game tonight will be handled by Hoyt, an efficient pitcher from Boston.

## BAIRD AND POLUSA TO RENEW HOSTILITIES

The request of Earl Baird, who was defeated here by Low Palusa, for another chance against the Salt Lake City sensation has been granted by the matchmaker of the Moody club, and the pair will renew hostilities on Thursday night at the Crescent rink.

Baird took the last bout on short notice but at that he gave the student boxer the hardest fight he has ever experienced in New England. He stood right in there and swapped punches with Low, and showed remarkable recuperative powers and courageous gameness particularly in the ninth round, when after being dropped in the canvas he came back and fought vigorously. In fact Baird not only weathered the storm in the ninth but he held his own in the tenth.

Since that bout Baird has been training daily. Palusa always keeps in shape, and on last Thursday night he performed in Lawrence against Newport Johnny Brown, winning over the latter in nine rounds.

The coming bout will mark Palusa's fourth appearance in Lowell this season. He won his other bouts and he is out to keep the slate clean. The battle shapes up like another hectic encounter.

A good game for the clubs. Matchmaker Connie Lynch, of the Olympic club announced today that as a result of the order the local man has decided to put on an exhibition fight, according to an order issued by the state boxing commission.

BABE RUTH DEDICATES NEW YANKEE STADIUM WITH HOMER WHILE 74,200 CHEER

Scene: New Yankee Stadium, New York, largest baseball plant in the world. Time: First game of the season, third inning. Two Yanks on base and Babe Ruth, Behemoth of Swat, at bat. Two balls and two strikes. Phinks, Boston pitcher, tries a low floater on the outside. Bam! Babe baptizes the new right field bleachers with fire. Above you see part of the 74,200 fans in the new stands. And you see Ruth trotting in after his prodigious swat, with Umpire Connolly looking back to see that he touched the plate.

## Bright College Days Is Giants' Latest Yell

Once upon a time John McGraw, famous manager of the New York Giants, scoffed at the collegian ball player. Those days are over. In the squad of the New York Giants at present are twelve "Ruf" "Ruf" boys. With some of the collegians there are still other duties aside from diamond strategy. In the above picture are Morrison and Blume doing a bit of studying prior to practice. Of the college players Clinton Blume of College is the best prospect. He is certain to be carried and McGraw feels sure he will develop into a great pitcher.

## STASIAK AND SILVA IN BOUT WITH KILBANE

BY MAURICE HENLE  
N.E.A. Staff Writer

NEW YORK, April 23.—Johnny Dundee will have at least one pugilistic ally when he will present Stasiak and Justina Silva in a match to a finish.

Stasiak is known as the Polish Hercules, while Silva is the Portuguese champion. The local admirers of Silva are looking for him to duplicate the success of Johnny Avila and bring the title home.

The pair are among the biggest men in the game, but despite their great bulk they are both exceptionally fast.

Silva and Stasiak met here a few weeks ago in a handspun match. It resulted in neither scoring a fall, but both declared that only the time limit saved them from a more decisive result.

Since that time both men have been busy and they are reported in the pink of condition for tonight's battle.

Bill Rudy, formerly of Lowell, but now of Newark, N. J., who enjoyed considerable success here a few years ago in the wrestling game, and who put up several high class exhibitions against Bob Johnson, is on the program to meet Kid Reynolds, another well known local boy.

Then the great rivalry, "Tiger" Pearson of Roxbury, N. J., and Jim Christy, the Colossus of Lowell, will be listed for the 60-minute number. The first bout will go on at 8 o'clock.

## JOHNNY WILSON TO BOX

IN CHICAGO TONIGHT

CHICAGO, April 23.—Johnny Wilson, middleweight champion, except in some 19 states which ignore his claim, will make his Chicago debut tonight when he meets Panama Joe Gans in a 10-round no-decision bout at the historic Coliseum.

Wilson, who is known as "The Fighting Irish" because of the dramatic Illinois prize fight law. The promoters evaded the legal issue by means of injunctions which for a night restrain all peace officers from enforcing the law.

Wilson tonight will enter the ring after a long lay off marked by constant bickering, accusations, claims of illness and their silence on his part. It will be his first start for a purse of any size under his new manager, who paid the record sum of \$50,000 for his contract. Since he won the championship and then failed to defend it, numerous state governing bodies have withdrawn recognition of his title and have permitted other middleweights who campaign actively to assume the honor.

Wilson tonight will enter the ring after a long lay off marked by constant bickering, accusations, claims of illness and their silence on his part. It will be his first start for a purse of any size under his new manager, who paid the record sum of \$50,000 for his contract. Since he won the championship and then failed to defend it, numerous state governing bodies have withdrawn recognition of his title and have permitted other middleweights who campaign actively to assume the honor.

## SAYS LEAGUE INCREASED USE OF NARCOTICS

should mention the name of that picturesque Englishman.

Those of us who had hoped to see modern Capt. Kidds, red or scarlet kerchiefs about their throats, cutlass in hand, strutting up and down loot-littered decks, got the surprise of our lives. The rum ships—battered and bruised old hulks for the most part—have captains who stand at the rail, staring stupidly or with disgust at the inquisitive visitor.

Drab is the word that describes them best—describes not only the skippers of these ships, but also the ships themselves. If there are any "skulls and crossbones" on these vessels they are on the bottles of booze in their holdalls. If there is any romance in the rum-smuggling business it must be in the gold they receive from the bootleggers who come to the ships and carry away cases of Scotch, wine and other liquors.

One "captain Kidd" we saw and talked to was a funeral-looking Englishman who "Sir'd" the captain of the tug, the cutter and used proper English. He didn't seem to fit in with the rest, and he was ill at ease with the exchanging greetings with our own skipper. He was on a ship which at one time belonged to a millionaire of New York city. The ship's sides are battered and scarred from the many small craft which have come alongside her since she entered the rum-running business, and her decks cannot be described by the well-known phrase "shipshape."

And their followers! They, too, are a sorry looking crew with stolid, tired faces, and as colorless as distilled water. There is nothing of the swash-buckler about the smugglers of today. Captain Kidd would scorn to sail the seas with them, and they, no doubt, would look stupidly at anyone who

## ST. JOSEPH'S CONVENT PUPILS ENTERTAIN

There was a large audience at the entertainment conducted last evening in St. Joseph's college hall in Merrimack street. The affair was given by the pupils of St. Joseph's convent in Moody street under the direction of the Grey Nuns of the Cross and was a big success. The receipts of the evening, which were very substantial, will be devoted towards the purchase of new apparatus for the high school department, which has been conducted for the past two years.

The program follows:  
Overture, Revolution,

Miss C. Main  
Token of Appreciation to Very Rev. J.  
E. Turcotte, O. M. I., by a group of  
pupils of the second and third grades.  
Quartet: Taucroft, C. Saint Saens  
Misses B. Cox, V. Generous, O. Lucy  
and C. Payette

Opereetta, Paquita  
(Chorus, The Secret of Happiness.  
By pupils of fourth and fifth grades.  
Etiolations, piano selection.  
Miss V. Gonzalez  
Opereetta, Madame Bourrichon  
Quartet, Harlequin March,  
Misses C. Mar., L. LaBueque, J. Dupuis  
and G. Caron.  
Chorus, A Robin's Nest.  
By pupils of sixth, seventh and eighth  
grades.

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get these warning aches get busy with good old Mustergo! Mustergo is a counter-irritant the rapidest action which is what a cold really is and stimulates circulation.

It has all the good qualities of the old-fashioned mustard plaster; without the blister.

Just rub it with your fingertips. And you will feel a warmth as the healing ointment penetrates the pores, then a soothing cooling sensation and quick relief.

Have Mustergo handy for emergency use. It may prevent serious illness.

35c and 45c. In jars and tubes.

Better than a mustard plaster.

demand opera in English of all companies incorporated in the United States.

"Four translations are being harped upon, but without cause, for in the private library of Mrs. Edith Rockefeller McCormick, masterly translations are being made of the foreign operatic repertory, later to be given to our public opera companies. Co-oper-

nation of the public, every small community that has singers, choral clubs, small or large orchestras, and parades.

**LOCAL PLANT NOT AFFECTED**  
Announcement has been made that the Newburyport plant of the International Cotton Corp., will shut down

within a short time. This part of the company's plant, it is said, will be moved south. It was stated that the

Lowell plant of the corporation, which is located in Marginal street and which was formerly the Bay State Cotton Co., will not be affected by the change and will continue operating as heretofore.

CHICAGO, April 23.—Artistic snobism should be abolished at once and for all time, or as a nation we can leave no trace behind, declared Mrs. Arenbrand Freer, chairman of the Opera in our Language Foundation, in an address to the Affiliated Clubs of Chicago.

"There is patriotism in art, or there is no patriotism at all," continued Mrs. Freer. Had the countries of Europe followed our past policies, there would have been no Wagner, no Verdi or Debussy.

"We are a nation with a language, we have American trained singers and more than 70 American operas fill our hearing in any opera house in this country and to have them banished from companies incorporated in the United States is an injustice every true-hearted American should resent."

"Every country of Europe is singing its own vernacular, which means they are building up their own national music and literature. They take good or bad translations, but insist on their own language."

"But we must go still further. How can we build up good citizenship with a condition existing such as three scores foreign language newspapers in Chicago in which no word of English appears? We cannot carry facts of art to the citizen who does not know our language.

"These newspapers and all like them by governmental decree, should be bilingual. Our children will have no careers in this artistic field if we do not

## SCHOOL OF POLITICAL SCIENCE

Prof. Woodhouse Says Amer-

## System of Oligarchies

NORTHAMPTON, April 23—The American people, supposed to have the freest and most democratic government in the world, are in reality "governed" by a complex system of oligarchies. Professor James Woodhouse of Smith college said in an address prepared for delivery today before the School of Politics and Government being conducted here by the Massachusetts League of Women Voters in co-operation with Smith college.

The entire mental control of both

the major parties do not embody the ideals of real American democracy," Prof. Woodhouse said.

"Forty-five years of power over the national government out of the last 40 years has created the alliance between the special interests and the republican party," he said. "And over the long, lean years out of power since the Civil war have not been sufficient to purify the democratic party of the cancer of special privilege."

Special interest play was President William Allen Sullivan of Smith college; Professors Everett Kimball and Alice Margaret Holden of Smith, and Professor Laurence H. Parker of Massachusetts Agricultural college.

## Permanent Injunction

Continued

Commerce commission order of March 6, 1923, requiring the railroads to issue at a price of \$72 tickets calling for 2500 miles of carriage in denominated of \$500.

"It is clear from the record," the opinion states, "that the commission proceeded on the assumption that the spirit and theory of the congressional amendment (approved Aug. 18, 1922) required them to order the script coupons to be issued at the same rates, and that so far as such rates could not be deemed confiscatory.

"In our judgment, the amendment is not mandatory. It does not prescribe that such coupons shall be issued at a reduced rate. Attempts to fix specific reduced rates by legislation were defeated.

"If the congress had intended that some reduction should be mandatory, leaving only the amount thereof to be

determined by the commission under the phrase 'just and reasonable,' such intent could readily have been expressed in clear language. The fair an-

natural interpretation of the language used by the congress makes mandatory the issuance of such coupons at just and reasonable rates, but the ultimate if not the original determination of what shall be just and reasonable rate

for such coupons, is placed entirely upon the commission. If, therefore, the commission acted upon a different interpretation of the amendment, an error would have been committed.

"If on the other hand it acted upon the interpretation which we have found to be the correct interpretation of the amendment, but based its conclusion not upon its own independent judgement but upon what the railroad authorities had said, it would be in the same position as the court in the case of *Ex parte*."

"In either case its order is without warrant of law and for this reason

"The amendment itself is attacked as unconstitutional in that in requiring the interchangeable scrip coupons it compels an interchange of credit between the railroads and thereby compels a service at the risk of complete financial loss in case of the insolvency

"In our judgment the decisions of the supreme court upholding the Carmack amendment (Atlantic Coast Line Railroad Co. v. Riverside Mills, 219 U. S. 186) the rights of a legislature to compel the interchange of cars (Michigan Central v. Illinois C., 206 U. S. 112)

Central Railroad Co. v. The Missouri  
Railroad commission 236 U. S. 613 and  
of congress to compel the establishment  
of joint rates (St. Louis Southwestern  
Railway Co. v U. S. 245, U. S. 136) nec-  
essarily involve the determination of  
the right to compel an interchange of  
credits as between the roads despite  
the possible loss from such an in-

"As the commission points out the railroads themselves have maintained the interchangeable scrip coupons established under government operation and have thus voluntarily established a similar interchange of credits over a roads except electric and short line

carriers. Under the present arrangement the extent of such credit interchange is left to the commission and must of course be reasonable, but requiring the interchange in respect to the scrip coupons, the action of Congress must be upheld as a constitutional exercise of power within the

## INDICTED MEN IN COURT TODAY

Five Accused After Investigation of Stock Deals Involving Boston & Montana Co.

Charles L. Burrill, Member of Governor's Council and Former State Treasurer, Named

BOSTON, April 22.—Five men recently indicted after an investigation of mining stock deals involving the Boston & Montana Co., were due to appear in the superior court today. All are officials of the American Discount Corporation. They are Charles L. Burrill, a member of the governor's council and formerly state treasurer; William H. Montgomery, Lee George and Hamilton B. Wilks. Nine others have been secretly indicted in connection with the same transactions.

The investigation was started by District Attorney Otis after stockholders of the Boston & Montana Co. had brought a bill in equity alleging fraud on the part of the American Discount Corporation in obtaining a loan from that corporation to a brokerage firm which was issued a check of the Boston & Montana Co. and which was conducted by William D. Allen, former lieutenant governor of Montana, and president of the Boston & Montana.

## PLANTING TREES IN MEMORIAL GROVE

The work of planting Red oak trees in what is known as Memorial Grove off Knapp avenue in the rear of the Lowell cemetery was started last Saturday by employees of the park department and was continued today. On Saturday fifty trees were set in place and 50 more were planted today. Next Saturday, which will be Arbor Day, special exercises will be conducted on what will be known as "Bourbon Drive" in that locality, if the members of the American Legion decide to do everything in their hands. It is being planned to plant 100 Red oak trees through the drive and this work will be rushed along.

Sup. Kernan of the park department announced this morning that he has on hand 25-40 dollar Pin oak trees which will be sold to the public at the rate of \$2 each. These trees will be set by park department employees whenever the purchasers want them and at no extra cost.

## MATRIMONIAL

A pretty wedding took place this morning when Mr. Albert Chapdelaine, a prominent young resident of Pawtucketville and Miss Eva Martineau, a well known young woman of the Joseph's parish were united in the bonds of matrimony. The ceremony was performed at a nuptial mass celebrated at St. Joseph's rectory at 7 o'clock by Rev. A. A. Amyot, O.M.I. The bride was attired in sand colored georgette with pink bonnet and cape and carried sweet peas. She was given away by her father, Mr. Louis Martineau, while the groom was attended by his father, Mr. Louis Chapdelaine. At the close of the ceremony a buffet luncheon was served at the home of the groom's parents, 4 Eighth avenue and the happy couple left on the 10:40 o'clock train for Canada. After May 15 they will be at home to their friends at 456 Fletcher street. Attending the festivities were friends and relatives from Manchester, N. H. and other points.

## MACHINE GUN BATTERY

Capt. Crowell Would Like to Take on About 20 More Men

Physically fit men for the National guard units in this city are desired at once, particularly for Company M, machine gun battery and for the headquarters detachment. Captain Crowell of the machine gunners would like very much to take on 20 men at this time, in order to have them in readiness for summer encampment at Devens.

Lieutenant Alston Barrows, in charge of the enlistments for the headquarters detachment, states that he has openings for non-commissioned officers that are very attractive. Telephone and radio operators are much desired, also signallers. High school officers who are graduating, who are 18 years of age are especially urged to listen to this call, reports Lieut. Barrows.

Pay checks for the men in the machine gun battery have arrived and will be issued at the regular drill Wednesday night, providing that the men can show their full equipment intact. The pay covers drill for the past three months. The checks vary from \$11 to \$27. It is expected that this announcement will bring out the full complement of men for the drill.

The usual weekly non-commissioned officers' school will be held Tuesday night this week, in place of the usual Monday night session. The session will open at 7:30.

## LOWELL DISTRICT COURT

Many Arrests for Drunkenness Over the Week End—Today's Docket

The warm spell over the weekend was apparently conducive to indulgence in alcoholic beverages, judging by the number of offenders for drunkenness in the district court this morning. The usual number of first offenders were released before appearing in court.

John F. Sheehy made his 56th trip to the bench this morning. He was charged with drunkenness and pleaded guilty. Although the court was inclined to impose a direct sentence on the defendant, he was allowed to go on condition that he make a hasty exit from this city. Sheehy said he hadn't taken a drink for many months until last Saturday, when he fell into temptation and the arms of the law. He stated also that he went to Lawrence once upon a time and remained there for three years, and was required to go there again for another nine years and promised to do so.

James J. Parcell was arrested yesterday by Officer Joseph Farley after neighbors had complained of his actions in abusing his wife and children. The officer testified that he was knocking pictures off the walls of his home when he was placed under arrest. A sentence of four months to the house of correction, suspended for a year, was imposed, with the added provision that he remain away from the home of his wife.

Peter Wasylak, charged with drunkenness and assault and battery on Nicholas Oluk, was continued in \$500 until next Monday. The complainant, a sister of four months to the house of correction, suspended for a year, was imposed, with the added provision that he remain away from the home of his wife.

Patrick J. McCarthy, on a finding of guilty to drunkenness, was given a sentence of six months to the house of correction, suspended for a year. He was also charged with abusing his wife and received a caution to remain away. The wife testified that she has been supporting him and her two children for some time and that when her husband does procure money, he goes to the South common and spends it for drink.

Omer Augier was fined \$10 for attempting to strike Officer Trudel while the latter was placing him under arrest for being drunk.

Peter Curran pleaded guilty to drunkenness and received a sentence of 6 months to the house of correction, suspended for a year.

Paul Max, still hearing the marks of a maul, was continued until tomorrow morning. Paul Roudiere, for being drunk, was sentenced to 10 days in the house of correction, while Joseph Koslowski was continued until Saturday. He pleaded not guilty to drunkenness.

Georgia Adamakes was found guilty of being a stubborn child and was placed in the care of the probation officer. Her mother stated that she has left home on five occasions without notifying her or giving any indication of her destination. She is 18 years old, she said, and has repeatedly refused to abide by her mother's authority.

Joseph E. Carriage and Francis H. Trainer, who were arrested in Nashua last Saturday in connection with the theft of a Ford coupe, appeared in court this morning, charged with larceny. They were ordered continued until tomorrow.

George Makronas was fined \$20 for being present where gambling implements were found. Thomas Perenolakes, for the same offense, was fined \$10, and the following, all concerned in the same case, received fines of \$3 each: Peter Pappas, Peter Sinos, Peter Karamakos, John George, Charles Karkalas and Louis Billos. Makronas appealed his fine and was ordered to recognize in the sum of \$200 for his appearance in the superior court on the first Monday in May.

## POLICE MAKE BIG LIQUOR RAID IN DRACUT

One of the most elaborate seizures yet brought to the attention of liquor officers in this district was disclosed about four o'clock on last Saturday afternoon, when Chief Burt Cluff of the Dracut police, Town Officers Pillsbury, Roth, Canale, Lavell, Morrison and Tremblay, and Sergt. Winn, Officers Bagley and Liston of Lowell and Federal Agents Sullivan and Hall, raided the home of Eugene Pavey at 11 Peabody avenue, off Lakeview avenue in the Navy Yard section of Dracut, and found besides four large and well set-up stills, 30,000 bottles neatly packed in cases ready for filling.

Two of the stills, estimated at 100 gallons capacity each, were in operation when the officers appeared on the scene. Pavey was arrested and charged with illegal keeping. He failed to put in an appearance in the district court this morning and was ordered defaulted.

The Dracut residence has been under surveillance for some time. Liquor officers had seen automobiles leaving the house on several occasions and it was reported that a prominent Lowell business man was involved in the illicit manufacture of the goods, but to date, Pavey is the only one to receive a summons.

The seizure was placed in the town hall, the transportation process being brought about with the aid of four 5-ton trucks, which backed up to the door of the residence. The cases were marked "Alco-Kool."

COTTAGE HOUSE SOLD  
George Harbison has purchased from Adolard Charbonneau the seven-room cottage and 4000 square feet of land at 15 Robert street. The sale was effected through the office of St. Pierre & Bergeron and the sale price is said to be in the vicinity of \$4000.

## Charges Alienation of Husband's Affections

Witness was asked by Mr. Hill if he ever had asked John Windsor to live with him and the reply was in the negative.

"Didn't John Windsor say to you that he could not go to live with you because he had a weak heart and your tenement was not on the ground floor?"

"He never had an opportunity to say that because he never was asked to come to live with us," witness replied.

Savings Bank Treasurer  
Arthur J. Murkland, treasurer of the Central Savings bank, testified as to accounts carried there by John Windsor.

He testified to an account opened by Windsor in 1910 and closed out in 1917 when it amounted to \$1973.08. It was closed out on order of the old Lowell bank, signed by Windsor.

Another account was opened in 1917 in the name of Christina M. Whittier and John Windsor, jointly.

On Sept. 29, 1917, Mrs. Whittier drew out \$537 from this account and thereafter periodically until the account was closed in May, 1922, Mrs. Whittier drew out amounts varying from \$25 to \$100. Only one withdrawal, \$15, was made by Windsor in August, 1918. Mrs. Whittier closed out the account in May, 1922, with a withdrawal of \$38.67.

Charles E. Walsh, vice-president of the Middlesex National bank, testified to the closing of an account there in the name of John Windsor in 1917. This was on order to the old Lowell National bank.

Walter W. Cleworth, of the old Lowell bank testified his bank had loaned John Windsor in March, 1917, \$2900, taking as security bank books from the Central savings bank. City Institution for Savings and Middlesex National bank.

Ray S. Byam, of Byam Bros., testified he knew John Windsor and Mrs. Whittier. He produced a card which showed that his firm had been instrumental in selling property in Second street for which the deed was made out in the name of Christina M. Whittier.

## 8 KILLED ON CROSSINGS OFFICER FOUGHT OFF GANG OF 20

Two Auto Parties Run Down by Trains—One at Cincinnati, Other at Buffalo

CINCINNATI, April 23.—Four men were killed late yesterday, when a passenger train on the Big Four railroad (Cleveland to Cincinnati), struck an automobile at a crossing at Elmwood, near here. The accident happened five minutes after the crossing watchman quit work.

According to a lone witness, a negro, the automobile was struck squarely in the center and the occupants thrown to opposite sides of the tracks.

The dead are as follows:  
Harry Frank, driver of the automobile; Donald Tenny, George Heford and Elwood Jones. All were residents in Cincinnati and ranged in age from 21 to 25 years.

Four Killed Near Buffalo  
BUFFALO, N. Y., April 23.—Four persons are dead as the result of the grade crossing accident Saturday night when a Lehigh Valley railroad train struck an automobile.

The dead are: Albert Sherman and his wife of Niagara Falls; Mrs. Emma Meahl, also of Niagara Falls and Arnold Cumrow, of Ransomville. Sherman was instantly killed and the others died at a Tonawanda hospital during the day. The automobile caught fire after the collision and Sherman was probably burned to death.

Mrs. Sherman and Cumrow also were terribly burned.

## PARK BOARD WILL MEET THIS EVENING

The members of the park department will hold a special meeting at city hall this evening at 7:30 o'clock for the purpose of taking action on the seizure of the so-called Ayer land on Mammoth road and Woodward avenue for playground purposes.

It will be remembered that in the early part of the year the city council voted a loan of \$12,000 for the seizure of the large tract of land. The order was signed by the mayor and last week Councilor Conest, sponsor of the order, conferred with park department officials in an endeavor to push the seizure through so that the new playground will be put in shape for the coming season.

In addition to discussing the Ayer land proposition at this evening's meeting the members of the board will also make the annual appointments of playground supervisors, and will transact whatever other business may be brought to their attention.

## WEDDING ANNIVERSARY

On Thursday, April 19, at the home of Mr. and Mrs. James W. Greenwood, 19 Lyon street, a large gathering of friends of the couple assembled in celebration of their 25th anniversary. Many beautiful gifts of silver were received from Mr. and Mrs. H. Renshaw, Mr. and Mrs. Sello, Mr. and Mrs. Ashworth, Mr. and Mrs. Cowgill, Mr. and Mrs. Whittier, Mr. and Mrs. Nicks, Mr. Parker, Mrs. Cori, Mrs. Aule, Mrs. Curran, Mrs. Hickson of Worcester and Mr. and Mrs. H. Shaw of Montreal. Supper was served by the hostess and after an enjoyable evening, the party broke up wishing the couple the best of luck in the future.

## New High Record For Cuban Sugar

NEW YORK, April 23.—Cuban raw sugar today sold at a new high record since 1920, with a sale of 10,000 bags to an operator for May shipments at 6 1/2 cents, cost and freight, equal to 8.25 delivered. Raw futures also touched new high records and one local refiner advanced list prices for fine granulated 10 points to 9.70.

## Deny Jap Troops Landed at Alexandrovsk

TOKIO, April 23.—(By the Associated Press)—The war office today denied the reported landing of Japanese troops at Alexandrovsk on the Siberian mainland. Not a single Japanese soldier is in Siberia, it was said at the war office. The report that a Japanese expedition had been landed, doubtless arose, it was added, through the decision of the military authorities to relieve the garrison in the north of Sakhalin island. New troops left for there today. The garrison at present numbers 3000 but will be reduced to 2000.
